

Atlantic Association of Geomatics and Planning

From: Executive and Council

Date: October 15, 2026

Subject: Annual General Meeting Notice

The Annual General Meeting (AGM) of the Atlantic Association of Geomatics and Planning will be held **Tuesday December 8th, 2026** virtually via Zoom from **12:00 pm to 1:30 pm**. The Zoom meeting details will be communicated to everyone later. Please take a moment to review the [agenda](#) for the 2026 Annual General Meeting and submit any additions to info@aagp.ca and the agenda will be updated accordingly. The [minutes from the 2025 Annual General Meeting](#). Any errors or omissions from the meeting can be submitted to info@aagp.ca or brought up at the meeting.

2026 also marks the end of the current two-year term of executive officers who were appointed to roles on council at the 2024 Annual General Meeting. Additionally, provincial representatives will need to be nominated as this takes place each year. Members of council have the option to reoffer at the end of their respective terms in office. The AAGP will be looking for members to be part of the Executive Council. The following positions are available for nominations :

- President
- Vice-President
- Treasurer
- Secretary
- Media Relations
- Nova Scotia Provincial Representative
- New Brunswick Provincial Representative
- Prince Edward Island Provincial Representative
- Newfoundland and Labrador Provincial Representative

Please include the full name of the person as well as the position you want to nominate them for. I would ask that you send any nominations to info@aagp.ca before December 3rd at 3:00pm.

Along with the Election of Provincial Representatives, the AAGP is also looking for members to join our Education Committee for supporting the planning and preparation of possible future workshops. Some of the duties of the Education Committee include the seeking and securing of presenters and presentations and the preparation of workshop materials and supplies.

There are many opportunities to contribute to and become involved in the association, so please do not hesitate to [contact us](#) in advance of the Annual General Meeting if you are interested in the education committee or contributing to council. The importance of having a fully appointed council cannot be understated. The reality is straightforward: if we are unable to elect a Council with enough members to fulfill our governance responsibilities (the mechanism that ensures the continued strength, relevance, and sustainability of our association), we will have difficult decisions to make about the association's future. This is not a situation any organization wants to face, but it is one we must acknowledge openly. Our future is not determined by circumstances alone — it will be determined by whether members choose to become active participants rather than observers. The future of our association is, quite literally, in the hands of its members. We hope you will be part of writing its next chapter.

The AAGP still matters — but only if we choose to make it matter.

Please make every effort to attend the Annual General Meeting on **Tuesday December 8th** beginning at **12:00 PM**.
