

PITT MEADOWS PADDLING CLUB

Are you looking for a group or class outing or a fun team-building event?

Let the Pitt Meadows Paddling Club design a special group activity for you!

We can accommodate groups of people for one-time or multi-session bookings. We supply safety equipment, staff, lifejackets, paddles, and qualified coaches who will accommodate your group's willingness for fun, teamwork, and adventure.

Dragon Boating Experience

What does a dragon boating experience include?

- Learn some history and background of the sport of dragon boating, dating back to Ancient China!
- Learn how to select and properly fit a life jacket.
- Learn proper paddling techniques.
- Enjoy some fun races (depending on the size of your group).
- Explore the Alouette River. You might get the chance to see herons, fish, beavers, or even eagles!

Note: Each dragon boat seats between 20 and 24 individuals (depending on the type of boat).

Challenge your students, sports team, work or social group to an adventure on the water.

Dragon Boating, Kayaking & Stand Up Paddle Boarding (SUP) Experience

If you are looking for something a bit more involved, have more time, or have a group that is larger than 20, you might prefer to book one or more sessions that include Dragon Boating, Kayaking, and Stand Up Paddle Boarding.

- While some individuals go out to paddle in a dragon boat, others will have their turn in kayaks and SUPs. Groups will then switch to give everyone an opportunity to try each type of paddling.

A dragon boating, kayaking and SUP session includes everything in the basic dragon boating package, plus:

- Participants rotate through the different paddling activities
- Introduction and Paddling techniques specific to Kayaking and Stand Up Paddle Boarding
