| <p><b>To verify that you hold an unrestricted practising licence, in good standing, from a dental hygiene regulator in another Canadian jurisdiction, we strongly recommend that you first initiate the verification of the registration process.</b> <i>This process involves completing and sending the NSRDHDTD Verification of Registration Form to the regulator in the jurisdictions where you are currently or previously certified, licensed and/or registered. This will help streamline the application process, i.e., you may not be required to submit some documentation directly if we can confirm it is on file with another jurisdiction. (We will attempt to obtain these forms from that jurisdiction. These are shaded in orange.)</i></p> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
