

Dental Technologist CFTA Applicant
Registration and Licensing Application Checklist
Licensing Year Nov 1, 2025, to Oct 31, 2026
 202-1597 Bedford Hwy, Bedford, NS, B4A 1E7

Please note: The application must be submitted once started and cannot be saved.

To verify that you hold an unrestricted practising licence, in good standing, from a dental technology regulator in another Canadian jurisdiction, we strongly recommend that you first initiate the verification of the registration process. <i>This process involves completing and sending the NSRDHDTD Verification of Registration Form to the regulator in the jurisdictions where you are currently or previously certified, licensed and/or registered. This will help streamline the application process, i.e., you may not be required to submit some documentation directly if we can confirm it is on file with another jurisdiction.</i>	
	Verification Forms: I have completed Part A of the NSRDHDTD Verification Form for Other Regulatory Bodies and sent the form to each jurisdiction where I am currently (or was previously) certified, licensed, and/or registered as a dental technologist, or another regulated profession. I have requested each jurisdiction to send the completed form directly to NSRDHDTD. For consideration under Labour Mobility/Canadian Free Trade Agreement, we must receive evidence that you are <u>currently registered</u> in another Canadian jurisdiction. See the website for full details.
I have submitted the following supporting documents (send <u>with</u> the Application form) The CPR and PLI documents are mandatory to upload with your first application submission; however, if you don't upload the remaining documents with your first submission, you will have an opportunity to upload them later following our review..

	Evidence that I have practiced <u>600 hours</u> of dental technology in the 3 years immediately before the date of my application (does not apply to applicants who graduated within the last 36 months). If applicable, this must be in the form of a letter from the employer (on letterhead), CRA submission, e.g., ROE (Record of Employment).
