

While the Quality Assurance Committee has reviewed sufficient offerings from the providers below to determine whether sessions are eligible for hour-for-hour or 50% credit, the QAC has not reviewed each individual course. Please ensure that you retain (and upload) each session's course outline, learning objectives, and presenter's name and qualifications. These are used by the QAC to determine category allocations (e.g., Cat 1 or 3) and if the topic meets the general requirements set out in the [CDHNS CCP Requirements document](#). All online activities, including those offered by the providers listed below, must meet the criteria to be eligible for credit hours e.g., must have a post-test that adequately covers the material*.

*CDHNS registrants who complete learning activities, on or after October 1, 2021, that do not have a post-test from the CE provider, may complete an alternate option, i.e., a Reflection document. Please see the sections noted above in the current CCP Requirements document.
