## STUDENT WORK PLACEMENT PROGRAM

The Student Work Placement Program is a funding initiative of Employment and Social Development Canada that is administered by ten delivery partners.

## **Eligibility:**

- Employers provide full-time employment for 12-16 weeks
- Qualifying students are Canadian citizens or permanent residents working in areas related to Science, Technology, Engineering, Math or Business
- Funding can cover up to 50% (to a maximum of \$5000) of a student's wage or 70% (to a maximum of \$7,000) if hiring first-year students and under-represented groups (women, indigenous students, persons with disabilities and recent immigrants)

Memorial University Centre for Entreprenurship – Entreprenurial Work Terms and Internships

Funding of \$4,500 per semester to support a student entreprenuer https://www.mun.ca/mce/Programs/EWT.php

# SKILLSPEI

### Career Prep

Provides 50% of the wages up to a maximum of 52 weeks to registered private sector businesses in PEI. The match between the employer and employee is made *prior* to submitting an application. The student must be a Canadian citizen or permanent resident between the age of 15-30 and in their final year of study.

## Post Secondary Program

A portion of the student's hourly wage will be reimbursed to the employer. Reimbursement rates are unclear, however, because they are confirmed with the employer upon receiving approval. Eligible employers are private, non-profit and public sector employers operating on PEI and cannot be 'immediate family' of the student. Eligible students are full-time students who will be returning to full-time studies in the next year. They must also be a PEI resident and legaly authorized to work in Canada.

# **NEW BRUNSWICK** Government of New Brunswick - Student Employment Experience Development (SEED) Co-op Program The Co-op SEED Program provides wage reimbursements to help provincial departments, agencies, hospital corporations, community colleges or universities employ students in post-secondary co-operative education programs. The wage reimbursement available to an employer is: -minimum wage plus the employer's share of benefits (CPP, EI and vacation pay). The employer is responsible for the costs associated with Workplace, Health, Safety and Compensation premiums. https://www2.gnb.ca/content/gnb/en/services/services renderer.21056.Employer -SEED Co-op Work Term .html FutureReadyNB helps students and employers access experiential learning **FUTURE** opportunities and funding to support employers in filling labour gaps while providing READY students with New Brunswick-based job experiences before they graduate. https://www.futurereadynb.ca/
