Registration is required for members and non-members.

You may join the meeting as early as 15 minutes before the start time so you can acclimate yourself to your settings. If you've never used Zoom before, you'll be asked to download and run the application when you try to log in before the meeting. If you wish to try it out in advance of your meeting, you may want to get a free Zoom account. You do not have to provide your credit card information to do so. Visit [Zoom.us](https://zoom.us) to do so.

When you first join the meeting, you will be on mute.

The default settings for this Meeting are to mute all participants on entry in order to minimize disruptions as participants join the meeting. Please review the attached guide for instructions on how to join and fully participate in our Meeting. It would be helpful to your fellow Members if your Zoom name is your full name so they can identify you. The attached guide also provides information on "Zoom etiquette" and tips on how to use the "chat" function. Please be aware that the application defaults to share your chat with "Everyone," which means everyone attending the meeting can see your "chat." There is a "Private" chat option – you simply need to select that option and locate the Member with whom you wish to *privately* chat.

Please note during the program while the speakers are presenting, the host will disable the chat function. During question period the chat function will be turned on.

If you have a question for a speaker, please submit via chat to the host.

Please be advised that we will be recording the meeting for our archives.

Please do not attempt to access Zoom from within your firm's network (e.g. VPN, Citrix, etc.) as the connection will not be stable.

We look forward to "seeing" you on Friday the 12th June. If you have questions, please feel free to email Rui Fernandes, the CMLA Central Vice-President at rui@fhllp.ca
