CORDAGE GROUP

Braided Crab Rope

- Designed for Commercial/ recreational crab applications
- Nylon core, high tenacity polyester cover
- Sinks with a specific gravity of 1.38

Braided Crab Rope

High Tenacity Polyester Cover/ Nylon Core

Braided Crab Rope from CoastLine is an excellent product for commercial/recreational crab applications.

It features a core of Nylon and a cover of High Tenacity Polyester.

This polyester cover is robust and ideal for hauling traps since it features a very good grip and is perfectly balanced with the Nylon core to limit rotation, recoil and stretch. The rope construction, with its 16-strand cover provides for an optimum

cover/core ratio ensuring extraordinarily durability, higher tensile strength values and excellent handling.

- Sinks with a specific gravity of 1.38
- Balanced and torque free rope construction
- Excellent handling and outstanding knot holding ability
- High abrasion resistance
- Excellent UV protection

We are an SGS certified ISO:9001-2015 company. All employees of CCG are educated in the following standards of cordage manufacturing.

DIAMETER		TYPICAL BREAKING STRENGTH		TYPICAL WEIGHT
inches	mm	kg	lbs	lbs/100 feet
11/32	9.0	1,704	3,750	3.5
3/8	9.5	2,272	5,000	4.1
7/16	11.0	2,727	6,000	5.0
