This certificate is not valid for equipment, the design or manufacture of which has been varied or modified from the specimen tested. The manufacturer should notify Lloyd's Register EMEA of any modification or changes to the equipment in order to obtain a valid Certificate.

The Design Appraisal Document and its supplementary Type Approval Terms and Conditions form part of this Certificate.

This certificate remains valid unless cancelled or revoked, provided the conditions in the attached Design Appraisal Document are complied with and the equipment remains satisfactory in service.

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

**ATTACHMENT TO CERTIFICATE OF TYPE APPROVAL No. LR22281623TC-02**

The undernoted documents have been appraised for compliance with the relevant requirements of International Conventions, and this Design Appraisal Document forms part of the Certificate.

This Design Appraisal Document forms part of the Certificate.

This Certificate is a Renewal of Certificate Number LR22281623TC

**EXAMINED DOCUMENTATION**

Drawing BAM-PT2-0184; SOALS Parachute Signal Rocket, red (Comet, Art. 9163100/Pains Wessex, Art. 9506720); dated July 2015.

Comet Red Parachute Signal Rocket; data sheet; Art. No. 9163100, Issue 4, 0219, dated 02/2019.

**TEST REPORTS**

Evaluation and Test Report, Rocket Parachute Flare, red; witnessed by BG-Verkehr; dated 29.11.16.

**CONDITIONS OF CERTIFICATION**

1. The Rocket Parachute Flare is to be permanently marked with the month and year of manufacture, as well as its lot number and date of expiry on its casing.
2. The instructions for operating the Rocket Parachute Flare are to be permanently marked on its casing or the signal is to carry a diagram clearly showing the manner of operating the signal as required by paragraph 3.1.1.2 of the TP14475E.
3. Each Rocket Parachute Flare is to be marked with the information required by LSA Code, regulations 1.2.2.9 and 1.2.3.
4. If the specified standards are amended during the validity of this certificate, this product type is to be re-approved prior to it being supplied to vessels to which the amended standards apply.
5. Production items are to be manufactured in accordance with a quality control system which shall be maintained to ensure that items are of the same standard as the approved prototype.
6. Production tests are to be conducted in accordance with the applicable requirements of IMO Resolution MSC.81 (70), Part 2, Paragraph 1.2. This does not preclude any further testing to additional requirements of the Marine Administration of the country where the ship is registered (i.e., the flag state) or those acting on behalf of that Administration.
7. All instructions or markings that accompany life-saving appliances or are printed directly on the appliances must be in both English and French, as per Canadian procedures for approval of life-saving appliances and fire safety systems, equipment, and products document no. TP 14612E (02/2019) paragraph 2.2.1.3. However independent signage can be accepted in lieu of the instructions or marking required in paragraph 2.2.1.3 if it is in both English and French, highly visible (size, colour, posting location), water and weatherproof, posted at each muster station and where the appliance is stored.

**ATTACHMENT TO CERTIFICATE OF TYPE APPROVAL No. LR22281623TC-02**

8. This approval is given on the understanding that Lloyd's Register reserves the right to require checks/tests to be carried out at any time and that the manufacturer of the product will accept responsibility for informing ship owners of proper methods of use, maintenance, and the conditions of this approval.
9. Should a change of Place of Production from that stated below be required i.e., where the stages of manufacture/assembly/testing of this product take place, the new Place of Production is to be advised to us prior to the change taking place. This Certificate will require to be updated for Approval to be maintained.

**PLACES OF PRODUCTION**
