Spring is on its Way!

I have seen pussy willows, cardinals, Canada geese and redwing blackbirds. What have you seen?

Logo Refresh

Thanks to Joe Popovitch of refusetoboring.com and Elaine Perrott. Joe has worked enthusiastically with us for the perfect logo refresh. Joe had many great ideas but, in the end, we stayed close to the original logo for continuity. Thank you, Joe. Your work is greatly appreciated by the board of the HNWTA. We have begun a soft roll out, so expect to see it more and more

We Need You!

Due to the loss of three of our board members, we are calling out for your support.

Can you help? We need Volunteers to help organize events and write our monthly newsletter.

Follow these links to learn more about projects and areas that we are always looking for volunteers to help us with!

NS Walks

Do you want to walk, but need an incentive to do it regularly? How about becoming a NS Walks leader and lead a group in one of our beautiful trails near you? Go on a weekly walk with old and new friends. Check out the NS Walks program here: <https://www.hikenovascotia.ca/ns-walks/>

And let us know if you are interested, we'll help get you set up.

We Appreciate Our Volunteers

We had a very successful get-together with our trail monitors, board members, local politicians and other people we love on February 23. It was the first time we had been able to get together since the pandemic lockdowns and it was wonderful to see so many trail supporters. Thank you to Sharon Gibson and Jane McKay-Nesbitt for organizing!

Volunteers Request More Benches

We asked our volunteers about amenities they would like to have on trails in our area. The most requested amenity was more benches on the trails. We agree! We are working with HRM to install more benches on all of our trails. Let us know where you would use them most!

Park West School

The Province and HRM have agreed to the sale of the small Park West School Park to the Province to build a new school. We are sad to see the demise of this green space but will work with the city to make sure that the Mainland North Trail will remain open and safe during the construction period.

Save the Dates

Annual General Meeting: May 18, 2023, 7 pm. via Zoom, [link to follow](#).

Bicycle Safety Event: May 20, 2023. Meet us on the Mainland North Trail.

Follow the link below to join our Association. Give back to your community! Enjoy the outdoors!
