*A thoughtfully
designed
work space sets the
stage for **better work***

**...and
a better
work life.**

The Future is Flexible

The way people work is constantly changing. Workdays are now fluid. People and projects are always in motion—moving from meeting rooms to workstations to home offices and back. Today's companies need modern office solutions that can do it all. With flexible designs and customizable options, HON helps solve problems and sets your business up for success—today, tomorrow and for years to come.

HON

“ Trust is the pinnacle of everything we envision and create at HON. Unwavering trust is earned, which is why we believe transparency and respect are imperative to successful and healthy partnerships. Responsible and mindful stewardship, honest business practices, and adherence to quality standards that exceed expectations sets HON apart as an innovative leader in uncertain times.

—Jennifer Petersen
VP, Members & Brand

”

You've got this.

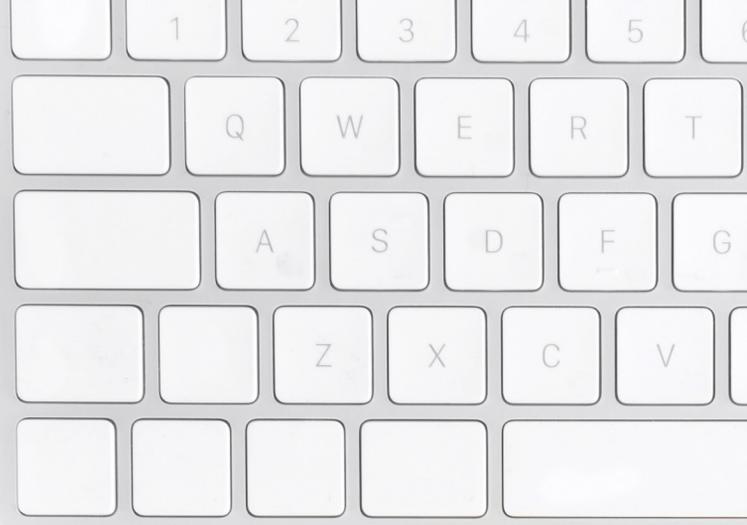

The way you work inspires the way we work. The technology you use. The chair you sit in. The meetings you hold. At HON, we think about your workspace efficiency, adaptability, and comfort so you can focus on connection, collaboration, and creativity. When the moving parts of your office operate smoothly, inspiration, productivity, and victories - big or small - come naturally. So let us help you work smarter and work better - all day, every day.

And we've got your back

and wrists, and shoulders.

Your health and well-being matter to us, which is why we don't negotiate when it comes to exceptional design standards and unsurpassed quality. You need your office to fit your lifestyle, not just your work schedule. That means attention to the finest details and state-of-the-art features paired with unrivaled quality standard testing and warranties matter. It's amazing to know that if things go wrong, we'll make it right, right away. So go ahead, you do you - we've got your back.

Spac

In a perfect world, what would your dream office look like? No matter your personal preferences - bold hues and clean lines or traditional rich mahogany - we can all agree you should love your surroundings, no matter how big or how small. To us, that means a space - whether it's work or home - that reflects who you are and where you're going.

es

A

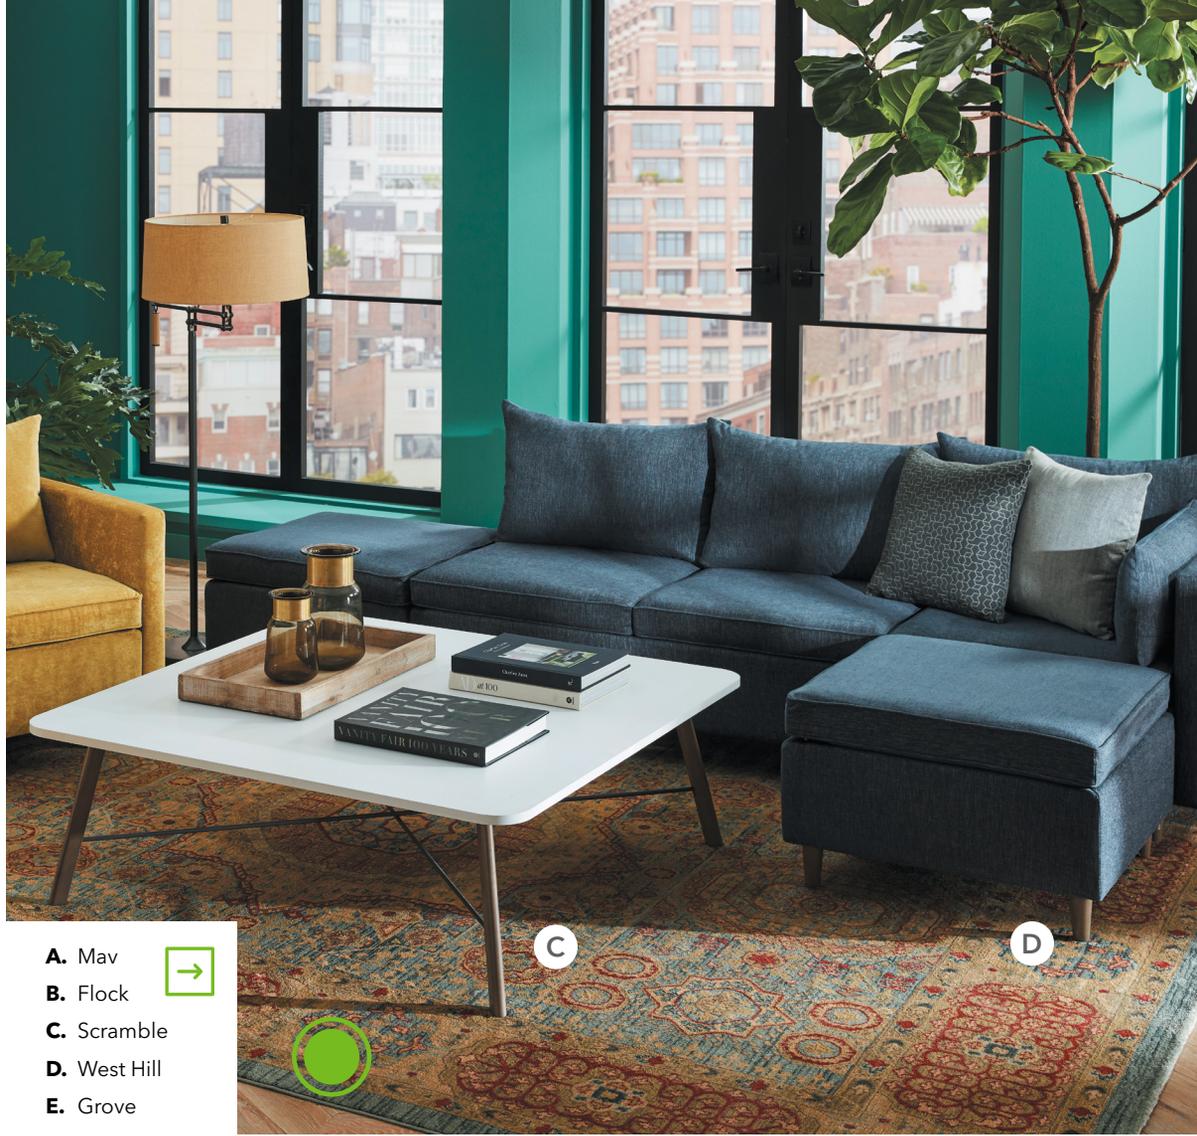

For your **Business**

Your job is to collaborate, create, and motivate the best way you know how. Our job is to ensure you do it all in comfort and style with unsurpassed workmanship and adaptability.

Collaborative

Casual and comfortable. Flexible and functional. Collaborative spaces invite employees to gather, brainstorm, work and relax in an open, inviting environment.

B

C

Open

Make the most of your space. Open office layouts encourage communication and boost productivity with adaptable workstations that can be reimagined based on function and necessity.

For your Business

Private

From quiet concentration to focused tasks, when it's time to buckle down and get to work, there's nothing better than the sanctuary of a distraction-free, private workspace to maximize your personal comfort and productivity.

Healthcare

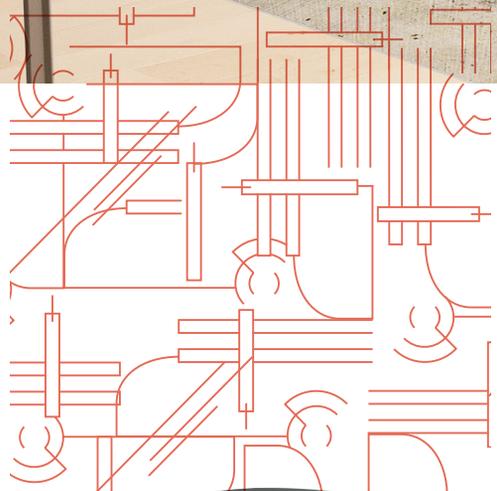

Make your space work.

WE TAKE CARE SO YOU CAN TAKE CARE

The challenges healthcare professionals face today are unprecedented. HON takes great pride in meeting those challenges with a portfolio of highly integrated products and a simplified procurement process that streamlines stress into solutions. We deliver spaces that keep pace with the demands of today so you can elevate the impact of quality healthcare tomorrow.

Education

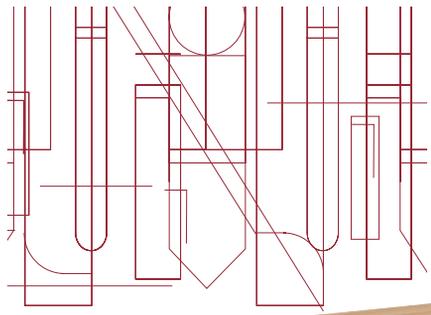

Make your space work.

HON.

WE'RE AT THE TOP OF THE CLASS

Students have always had different growth, development, and learning needs. But with today's classroom climate, highly functional and easily cleaned workstations are a must. We're happy to report that HON gets an A+ for adaptability and efficiency - we've got a product for every space, every student, and every skill set to help create engaging and creative environments for everyone to do and be their best.

ABOUT

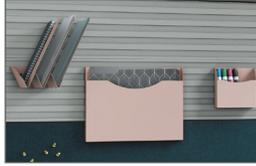

PROJECT IDEAS

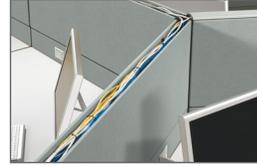

Easily switch out interchangeable panel tiles to achieve different aesthetic or functional goals.

With a minimal kit of parts and intuitive universal connectors, Abound can be specified, ordered, installed and reconfigured quickly.

Keep everything neatly tucked away with a variety of organizational tools, including paper management solutions, folder bins and more.

Position power and data outlets at the desktop, panel base or both. Lay-in capabilities in the top of the frame expand cabling capacity and make reconfigurations easy.

Make Your Space

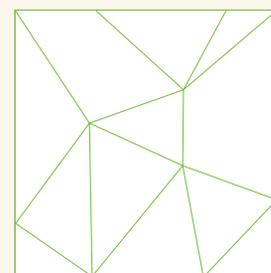

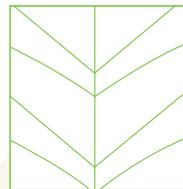

less noisy and really cool looking

Unika Vaev Acoustic Tiles

Acoustical wall tiles get the job done and look good while doing it. Control noise levels while making a design statement with a wide variety of color and style options that easily attach to walls and ceiling. Unique patterns add texture and dimension for an environment that's pitch-perfect.
