

Directions to Macphail Woods Nature Centre & Nursery

269 Macphail Park Road, Vernon Bridge, PE C0A 2E0

Directions:

Turn off from the Trans-Canada Highway 1 onto the Macphail Park road. The road will turn to dirt. Continue driving along that road until you see a driveway on your left with a large green gate flanked by stones. There will be a large sign for the Sir Andrew Macphail Homestead. The Macphail Woods Nature Centre is up that driveway, beyond the Sir Andrew Macphail historic house (white). The nature centre is a renovated old barn, with weathered shingles.

If you are coming to Macphail's for a workshop, course, or children's camp, you can enter through the front of the Nature Centre (under the owl). Our nursery and greenhouse are located behind the nature centre, which is where you can pick up plant orders and browse our potted selection.
