A close-up photograph of a person wearing an orange safety vest and a green glove, holding an orange and black ECHO chainsaw. The chainsaw's bar is silver with the ECHO logo and a "PERFORMANCE CUTTING SYSTEM" label. The background is a blurred forest scene.

**POWER ON. AND ON.**

For well over fifty years, ECHO has been an industry leader in providing equipment with power, innovation and quality that allows users to tackle any outdoor task.

Whether it's professional landscapers and arborists that use our products every day to homeowners who simply want the best product for the job, our reputation for power and performance makes ECHO the perfect choice.

For 2024, there's over 200 products in our portfolio of equipment, including a full assortment of homeowner and commercial battery powered equipment with similar power and performance as our legendary gas products. Each tool is designed for a specific task to optimize productivity and provide the satisfaction of a job well done.

Thank you for choosing ECHO and powering on with us.

56V BATTERY SYSTEM

## On-board indicator

For quick checks on battery charge level

## eCM Technology®

Provides heat, charge, and discharge management

## High-capacity

For increased run time

ECHO has built a reputation based on our products' superior quality and performance, and our battery-powered tools are no exception. The ECHO eFORCE® 56V Battery System is a single battery platform for the full range of ECHO 56V battery-powered equipment, featuring proprietary technologies and advanced manufacturing which deliver the legendary power that ECHO is known for.

Battery-powered tools offer several advantages including easy starting, simple operation, low noise levels, and minimal maintenance requirements. The ECHO eFORCE® platform offers the ideal balance of maximum power, lightweight design, and extended run times, enabling users to tackle even the toughest jobs.

## Product Icons

Pro Use

Homeowner Use

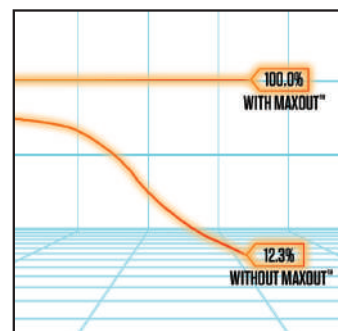

Reputations are built over time and ECHO has a solid foundation that's 50 years in the making. The ECHO eFORCE® line of products is built upon the existing foundation of our gas-powered reputation. ECHO eFORCE® is one battery platform for all ranges of ECHO 56V featuring long-lasting power that quickly swaps from product to product. The ECHO eFORCE® batteries feature ECHO's exclusive eCM Technology® to maximize the battery's lifetime.

## ECHO eFORCE® 56V BATTERY SYSTEM

### eCM Technology®

ECHO's proprietary battery management system controls the temperature, charge and discharge to help prolong the life of the battery pack.

### MAXOUT® Technology

Our exclusive MAXOUT® Technology, available on ECHO X Series 56V tools, ensures the unit operates like a gas-powered tool, meaning that you'll have maximum power output throughout the life of the battery charge. While some competitive tools may lose power as the battery discharges, MAXOUT® ensures you have 100% power, 100% of the time. So just like with a gas-powered tool, you can go full out until you run out.

## DCS-2500T

### BATTERY-POWERED TOP HANDLE CHAINSAW

A lightweight beast that is perfect for high-climbing professional arborists, the DCS-2500T was made for easy in-tree maneuverability.

- Ultra-lightweight design
- Patented harness ring for easy and secure access
- Adjustable top mounted oiler conserves oil
- MAXOUT® battery technology

Battery (Amp hour)	2.5
Avg. Run Time w/2.5Ah (min)*	Up to 60 cuts
Weight with Battery (lbs.)	7.3 (3.3 kg)
Bar Length (in.)	12
Oil Capacity (fl. oz.)	4.1 (120 ml)

\*In 4in. by 4in. timber, depending on battery size, charge level, and operating conditions.

## CHAINSAWS

Whether your day calls for felling an old oak, making nimble cuts 60-feet up or bucking firewood down to size, ECHO chainsaws provide the power and durability to make light work of the toughest jobs.

**WHAT** do the pros need from a battery powered chainsaw? ECHO asked, then designed the DCS-2500T to meet their demanding standards. On the strength of the ECHO eFORCE® 56V battery system, this lightweight beast is perfect for high-climbing professional arborists.

**NEW**

## DCS-2500TN BATTERY-POWERED TOP HANDLE CHAINSAW

The ECHO DCS-2500TN chainsaw is lightweight and includes the 80TXL cutting system which features a nano-style chain for more efficient cutting with less vibration.

- Alternate bar and chain for reduced vibration and more efficient cutting
- Ultra-lightweight design
- Patented harness ring for easy and secure access
- Adjustable top mounted oiler conserves oil
- MAXOUT® battery technology

Battery (Amp hour)	2.5
Avg. Run Time w/2.5Ah (min)*	Up to 70 cuts
Weight with Battery (lbs.)	7.3 (3.3 kg)

## 56V DUAL-PORT RAPID CHARGER

- Simultaneously rapid charge 2 batteries
- Ultra-rapid charging when used with just one battery
- On-board LED diagnostics
- 1 USB-A and 1 USB-C port
- Optional wall mount
- 6 ft. cord length for convenient charging

**Part#: LC-56V5A2**

# ARE YOU READY TO CHARGE UP YOUR TEAM?

Tough time finding employees? Our autonomous mowing solution for sports fields, golf courses, yards, and industrial sites can support your team and allows reallocation of resources towards more important tasks.

**2** year  
Commercial  
Warranty

Not only are our Turf Mowers autonomous and emissions free, but they also promote healthier and better-looking turf. Their performance can be monitored and controlled from anywhere in the world through our online web portal or smartphone app. For golf applications, our Range Picker models can collect golf balls on the same field as the Turf Mowers, bringing them to a designated drop station. Optional protection discs on the mowers prevent damage to blades and golf balls, while the mower's light weight (less than 160 lbs.) reduces soil and ball compaction.

# Real-Time Kinematic

The robot is now able to:

- **Pattern Mow:** standard or customized pattern options to give your field that clean sharp look.
- **One Inch Accuracy:** with real-time kinematics, the robot navigates with precision allowing it to overlap with minimal overlap.
- **Triple the Mowing Capacity:** ability to do more with less.(compared to a random pattern unit)
- **More Efficient Ball Collection:** utilizing a drop pit the unit is always working to provide a clean picked range every day.

## WISENAV®

ECHO now offers its new Wisenav® system for all GPS-RTK models. Wisenav® is a complete system that builds on our high-accuracy pattern mowing technology and removes the need for burying a perimeter wire around the robot's working area.

Wireless navigation is finally here, achieving maximum efficiency and flexibility.

- No field wire needed
- Draw and adjust working areas remotely
- Border mode creates a smooth perimeter around the final cut
- All sites within a 5-mile radius can be controlled by only one 4G RTK base
- Weather protection software sends the robot back to its charging station if there is a risk of flooding

**TM-2000**  
**TM-2050**

**TM-1000**  
**TM-1050**

**RP-1200**  
**RP-1250**

## All Models

- Quiet operation for use in noise-sensitive areas
- Autonomous—operates 24/7
- Advanced automation, guidance, and safety features let you rest assured the job's being done right
- Remote command and performance monitoring because work doesn't stop when you're busy doing other things
- Emissions-free operation aids the environment and creates a better experience for customers
- Professional installation customized for your site

## TM Series

- Gives your turf a freshly mowed look all day, every day
- Special protective discs allow for continuous mowing without damaging balls on range (option)
- No need to shut down the range for mowing
- RTK models mow in patterns of consecutive rows. This triples the mowing capacity of a single random unit

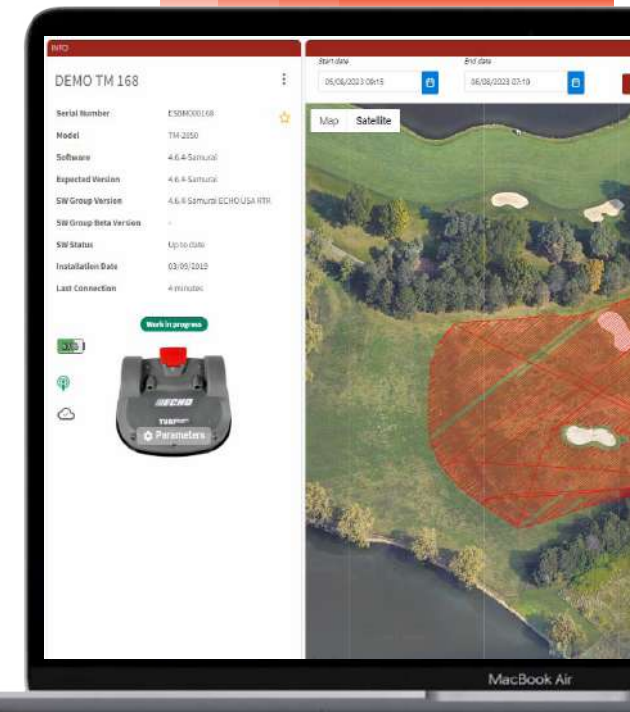

## RP Series

- Lightweight unit reduces compaction of turf and golf balls
- Prevents downtime and customer inconvenience, as you will never have to close the range
- Can be programmed to spend more time on high-density areas to improve picking efficiency
- RTK model increases picking efficiency by picking in pattern and quickly navigating to the drop station

# ROBOTIC ACCESSORIES

## GPS RTK Base Station WiFi

For single and non-complex installation

- Up to 650 ft (200 m)
- Requires line of sight

**Part#: ES06000035**

## Mobile 4G

For large/multiple installation

- Up to 5 miles
- Does not require line of sight to robot
- 5-year 4G connection included

**Part#: ES06000036**

## Charging Station

Each robot will navigate its own way back to its charging station when needed, and then return to work. No vacation days needed.

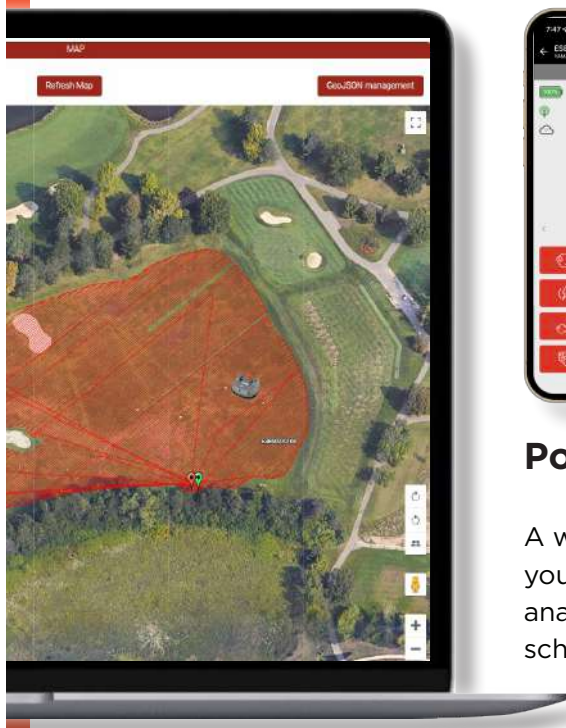

**Part#: CGSL21AF1C**

## Turf Mower Replacement Blades

Small razor blades are all that is needed to keep grass looking freshly cut all year long.

# TRIMMERS

Performance is the defining trait of ECHO's world-renowned commercial-grade string trimmers and brushcutters. ECHO's intuitive custom ergonomic controls, lightweight construction, and professional-grade 2-stroke engine technologies allow you to maximize your productivity. Whether your task demands a curved shaft model for simple, precise trimming around posts and fences, or a straight shaft alternative for extended reach, ECHO trimmers are engineered for optimal performance.

## SUGGESTED TRIMMER APPLICATION

**GT-225**  
CURVED SHAFT TRIMMER

Lightweight and easy to use. The popular GT-225 curved-shaft trimmer features an i-30™ ignition for starts with 30% less effort. A 2-line Rapid Loader® trimmer head increases productivity while decreasing workload.

- i-30™ starter reduces starting effort by 30%
- Ergonomic adjustable handle for a custom fit
- Curved shaft for easy maneuverability

Engine (cc)	21.2
Weight (lbs.)	10.1 (4.6 kg)
Shaft Length (in.)	48
Fuel Capacity (fl. oz.)	12.8 (378 ml)
Cutting Head	Rapid Loader®
Cutting Swath (in.)	16

**GT-225i**  
CURVED SHAFT TRIMMER

The GT-225i curved-shaft string trimmer features an i-75™ ignition system, delivering reliable, easy starts with 75% less effort. Its ergonomic, maneuverable design ensures precision control with powerful results.

- i-75™ starter reduces starting effort by 75%
- Ergonomic adjustable handle for a custom fit
- Curved shaft for easy maneuverability

Engine (cc)	21.2
Weight (lbs.)	10.6 (4.8 kg)
Shaft Length (in.)	48
Fuel Capacity (fl. oz.)	12.8 (378 ml)
Cutting Head	Rapid Loader®
Cutting Swath (in.)	16

**GT-225SF**  
**CURVED SHAFT TRIMMER**

The GT-225SF curved-shaft string trimmer powers a Speed-Feed® 400 trimmer head for quick string reloads without disassembly. An i-30™ system also reduces starting effort by 30%, ensuring efficient productivity.

- Speed-Feed® 400 head reloads in seconds without disassembly
- i-30™ starter reduces starting effort by 30%
- Ergonomic adjustable handle for a custom fit
- Curved shaft for easy maneuverability

Engine (cc)	21.2
Weight (lbs.)	10.8 (4.9 kg)
Shaft Length (in.)	48
Fuel Capacity (fl. oz.)	12.8 (378 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	16

**GT-225L**  
**CURVED SHAFT TRIMMER**

The GT-225L curved shaft trimmer features a 55-inch shaft to increase reach and decrease effort. With a Speed-Feed® 400 trimmer head and an i-30™ starting system, it maximizes productivity without adding more work to the workday.

- Extended shaft length provides longer reach for residential yard touch-ups
- i-30™ starter reduces starting effort by 30%
- Rubber over-molded throttle handle
- Curved shaft for easy maneuverability

Engine (cc)	21.2
Weight (lbs.)	11.2 (5.1 kg)
Shaft Length (in.)	55
Fuel Capacity (fl. oz.)	12.8 (378 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	16

**SRM-225**  
**STRAIGHT SHAFT TRIMMER**

The SRM-225 straight-shaft string trimmer has earned its reputation through countless long days and tough jobs. With a quick-loading Speed-Feed® 400 trimmer head and 59-inch shaft, it takes convenience and productivity to a new level.

- i-30™ starter reduces starting effort by 30%
- Ergonomic cushioned front and rear handles for user comfort
- Tool-less, easy-access, commercial-grade felt air filter for durability

Engine (cc)	21.2
Weight (lbs.)	11.5 (5.2 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	12.8 (378 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17

## **SRM-225i** **STRAIGHT SHAFT TRIMMER**

The SRM-225i straight-shaft string trimmer features an i-75™ starting system to reduce effort by 75%. A Speed-Feed® 400 trimmer head reloads in seconds, minimizing downtime and increasing productivity.

- i-75™ starter reduces starting effort by 75%
- Ergonomic cushioned front and rear handles for user comfort
- Tool-less, easy-access, commercial-grade felt air filter for durability

Engine (cc)	21.2
Weight (lbs.)	12 (5.4 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	12.8 (378 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17

## **SRM-266** **STRAIGHT SHAFT TRIMMER**

The SRM-266 straight-shaft string trimmer is built to power through tough jobs without slowing down. A Speed-Feed® 400 trimmer head reduces string replacement time, frequency and effort, making light work of long days.

- i-30™ starter reduces starting effort by 30%
- Two-stage commercial-grade air filtration for long engine life
- Tool-less, easy-access, commercial-grade felt air filter for durability

Engine (cc)	25.4
Weight (lbs.)	13.4 (6.1 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	16.9 (500 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17

# PRO USE Trimmer

The high-torque SRM-2320T straight-shaft string trimmer increases productivity while decreasing fatigue. With a 2:1 gear ratio, it delivers 28% more torque than the SRM-225, making quick work of overgrown grasses.

- 2:1 high-torque gear ratio to power through tough overgrown grass and weeds
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Chrome cylinder plating increases engine life

Engine (cc)	21.2
Weight (lbs.)	12.2 (5.5 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	12.8 (378 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17

The SRM-2620 straight-shaft string trimmer cuts tough job sites down to size. With a Speed-Feed® 400 cutting head and easy starts in any condition, it's the most reliable member of any professional landscaping crew.

- 1.62:1 gear reduction for fast, efficient cutting
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Overmolded front and rear hand grips for extreme comfort

Engine (cc)	25.4
Weight (lbs.)	12.6 (5.7 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	20.6 (609 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17

- 1 Dual-line Speed-Feed® 400 cutting head
- 2 25.4 cc professional-grade 2-stroke engine
- 3 Debris shield with integrated cut-off knife
- 4 Tool-less air filtration system
- 5 Over-molded front and rear hand grips
- 6 2:1 gear reduction
- 7 20.6 fl. oz. fuel tank

The SRM-2620T straight-shaft string trimmer features a 2:1 gear ratio that delivers higher torque, and comes with a Speed-Feed® 400 cutting head and an impressive power-to-weight ratio.

- 2:1 high-torque gear ratio to power through tough overgrown grass and weeds
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Overmolded front and rear hand grips for extreme comfort

Engine (cc)	25.4
Weight (lbs.)	12.8 (5.8 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	20.6 (609 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17

Make workdays more efficient and productive with the class-leading SRM-3020 straight-shaft string trimmer. Featuring lightweight construction, a Speed-Feed® 500 cutting head and a 20 in. cutting swath, it quickly powers through one job and onto the next.

- 1.62:1 gear reduction for fast, efficient cutting
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Overmolded front and rear hand grips for extreme comfort

Engine (cc)	30.5
Weight (lbs.)	13.7 (6.2 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	24 (710 ml)
Cutting Head	Speed-Feed® 500
Cutting Swath (in.)	20

The high-torque SRM-3020T straight-shaft string trimmer comes with a Speed-Feed® 500 cutting head, ergonomic design and easy, reliable starting inspires confidence and increases productivity.

- 2:1 high-torque gear ratio to power through tough overgrown grass and weeds
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Overmolded front and rear hand grips for extreme comfort

Engine (cc)	30.5
Weight (lbs.)	13.9 (6.3 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz.)	24 (710 ml)
Cutting Head	Speed-Feed® 500
Cutting Swath (in.)	20

## SRM-410X STRAIGHT SHAFT TRIMMER

The most powerful model from the brand synonymous with professional-grade power. The ECHO SRM-410X straight-shaft string trimmer levels tough, overgrown weeds and grass with power to spare.

- Solid steel drive shaft for smooth acceleration and light weight
- Pleated paper air filter for use in harsh conditions
- Equipped for use with a blade (blade sold separately)
- 2-in-1 shield

Engine (cc)	42.7
Weight (lbs.)	18.4 (6.3 kg)
Shaft Length (in.)	60.2
Fuel Capacity (fl. oz.)	32.1 (710 ml)
Cutting Head	Speed-Feed® 500
Cutting Swath (in.)	20

# BLADES AND CONVERSION KITS

A variety of brush and dense grass blades are available for all ECHO straight shaft (SRM series) trimmers and brushcutters. A blade conversion kit is required if not supplied with your original trimmer. Refer to your operator's manual for the appropriate safety harnesses, handles, shields, etc. when installing optional blades or accessories.

# EDGERS

ECHO edgers deliver superior power and durability in a lightweight, easy-to-manuever design so you can create that perfect, manicured look on every property. For the commercial user, ECHO X Series edgers feature a Pro-Torque™ gear case that provides 20% more torque than traditional equipment and a clog-resistant shield to keep material from piling up and slowing down the blade, helping to maximize your productivity.

**2** year  
Commercial  
Warranty  
**5** year  
Consumer  
Warranty

**ECHO**  
X  
SERIES  
**PE-2620**  
CURVED SHAFT EDGER

The PE-2620 curved-shaft edger combines power and torque with lightweight construction.

- 2:1 gear reduction to power through tough overgrown grass
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Contoured, aluminum debris shield with a cut-away, open-face to reduce clogging
- Easy height-adjustment wheel with captive hardware

Engine (cc)	25.4
Weight (lbs.)	14.1 (6.4 kg)
Blade Length (in.)	7.75
Fuel Capacity (fl. oz.)	20.6 (609 ml)

## Features and Benefits

Commercial-grade felt air filtration for long engine life

2-stage commercial-grade pleated air filtration for long engine life

i-30™ starting system for 30% starting effort reduction

Digital ignition system provides Intelligent electronic programming for precise ignition timing at all operating speeds

Purge bulb for easy starting

Chrome cylinder plating increases engine life

Ergonomic rubber grip throttle handle with overmolding for comfort and durability

2:1 Pro Torque™ gear case ratio for superior power/cutting

Metal skid plate for reduced wear to debris shield

Extra wide skid plate for added gear case protection

Durable, molded shield for reduced material kickback

Clog-resistant, open-face metal shield for reduced clogging

Sight line on shield for straighter cuts

Heavy-duty adjustable guide wheel with solid rubber tread

Powerhead components made from high-grade magnesium for increased durability with less weight

Dual piston ring design for long engine life

Engine vibration-reduction system for operator comfort

Heavy-duty vibration-reduction system for operator comfort

PB-9010

The PB-2520 handheld blower is built to power through long days without making them feel like long days. For homeowners, it's a powerful, no-nonsense tool for effortless cleanup.

- Category leading blower performance
- Double-grid intake design reduces clogging
- Exclusive curved blower tube provides rotational control to reduce user fatigue
- Shoulder harness attachment points allow the use of shoulder harness (sold separately) to support weight of unit

Engine (cc)	25.4
Weight (lbs.)	8.6 (3.9 kg)
Fuel Capacity (fl. oz)	18.6 (550 ml)
Max Air Speed At Nozzle (mph)	170 (274 km/h)
Blowing Force (N) At Nozzle	15.8

Noise Level (db(A))*	70

\*Per ansi B175.2-2012

## BLOWERS

ECHO's industry-leading line of blowers includes both handheld and backpack models, all equipped with professional features to give you maximum productivity and ultimate power. Standard features include comfortable handles with "cruise control", and backpack models feature padded backrests and shoulder straps, Posi-loc™ tubes for secure pipe connections, and advanced ignitions for quick and easy starts. All of ECHO's backpack blowers (except the PB-265LN and DPB-5800T) are available with either tube-mounted or hip-mounted throttles.

25.4 cc professional-grade 2-stroke engine

Tool-less access air filtration system

Secondary handle

## PB-255LN HANDHELD BLOWER

The handheld, low-noise PB-255LN emits only 65 decibels\* while still delivering a blowing force of 354 CFM at 191 MPH (307 km/h).

- Low-noise output for use in sensitive environments
- Flared end pipe increases air speed
- Parallel handles aid in directional operation
- Includes round and flared tubes

Engine (cc)	25.4
Weight (lbs.)	10.2 (4.6 kg)
Fuel Capacity (fl. oz)	16.9 (600 ml)
Max Air Speed At Nozzle (mph)	160 <sup>1</sup> /191 <sup>2</sup> (258 <sup>1</sup> /307 <sup>2</sup> km/h)
Blowing Force (N) At Nozzle	13
Air Volume At Nozzle (CFM)	354 <sup>1</sup> /345 <sup>2</sup>
Noise Level (db(A))*	65

\*Per ansi B175.2-2012 <sup>1</sup>With round tube <sup>2</sup>With flared tube

## PB-2620 HANDHELD BLOWER

The PB-2620 handheld blower comfortably powers through leaves and debris for easy all-season cleanup. Built for professionals on the move, it also features a cruise-control throttle and a secondary handle for added comfort and maneuverability.

- Best-in-class handheld blower with professional features
- Double-grid intake design reduces clogging
- Includes both round and flared pipes for a variety of applications

Engine (cc)	25.4
Weight (lbs.)	9.8 (4.4 kg)
Fuel Capacity (fl. oz)	20.3 (600 ml)
Max Air Speed At Nozzle (mph)	172 (275 km/h) <sup>1</sup>
Blowing Force (N) At Nozzle	15.8 <sup>1</sup>
Air Volume At Nozzle (CFM)	456 <sup>1</sup>
Noise Level (db(A))*	70

\*Per ansi B175.2-2012 <sup>1</sup>With round tube

## ES-250 SHRED 'N' VAC®

When it's time for a fast, reliable cleanup, the ES-250 Shred N Vac® delivers the power and flexibility needed get the job done. It starts easily and quickly converts from a blower to a vacuum/shredder, saving homeowners time, space and effort.

- Three tools in one: easily converts from blower to vacuum/shredder
- Patented 4-blade shredding mechanism reduces debris by a ratio of 12:1
- 2-bushel collection bag with rear zipper for convenient emptying

Engine (cc)	25.4
Weight (lbs.)	12.6 (5.7 kg)
Fuel Capacity (fl. oz)	16.9 (500 ml)
Max Air Speed At Nozzle (mph)	165 (266 km/h)
Blowing Force (N) At Nozzle	12.5
Air Volume At Nozzle (CFM)	392
Noise Level (db(A))*	70

\*Per ansi B175.2-2012

## BLOWER ACCESSORIES

### Blower and Shred 'N' Vac® Rain Gutter Kit

Provides up to 15 ft. of reach with 7 ft. of extension tubes.

Fits PB-2520, PB-255LN, PB-2620, ES-250 PB-265LN, PB-580, and PB-755S.

Part#: 99944100026 Posi-loc™

### **PB-265LN** BACKPACK BLOWER

The lightweight, low-noise PB-265LN backpack blower produces a 65-decibel\* whisper but still pushes 375 CFM at 158 MPH (254 km/h), allowing users to abide by noise regulations while blowing through long to-do lists.

- Great performance from a lightweight backpack blower
- Low noise output for noise-sensitive environments
- Variable speed throttle with cruise control for operator convenience
- Hip-mounted throttle

Engine (cc)	25.4
Weight (lbs.)	13.3 (6.0 kg)
Fuel Capacity (fl. oz)	22.3 (660 ml)
Max Air Speed At Nozzle (mph)	158 (254 km/h)
Blowing Force (N) At Nozzle	11
Air Volume At Nozzle (CFM)	375
Noise Level (db(A))*	65

\*Per ansi B175.2-2012

### **PB-580** BACKPACK BLOWER

The PB-580 backpack blower is designed for the oversized demands of professionals. From light mowing cleanups to wet, heavy leaves, it provides all-day productivity and all-day comfort.

- Available with hip- (PB-580H) or tube- (PB-580T) mounted throttle with cruise control
- Powerful and cost-effective
- Comfortable backrest and shoulder pads

Engine (cc)	58.2
Weight (lbs.)	22.9/22.7 (10.4/10.3 kg)
Fuel Capacity (fl. oz)	62 (1.8 L)
Max Air Speed At Nozzle (mph)	216 (348 km/h)
Blowing Force (N) At Nozzle	22
Air Volume At Nozzle (CFM)	517
Noise Level (db(A))*	70

\*Per ansi B175.2-2012

### **NEW** **PB-5810** BACKPACK BLOWER

ECHO's easiest-starting backpack blower yet, the PB-5810 offers impressive power for both homeowner and light commercial use.

- Available with hip- (PB-5810H) or tube- (PB-5810T) mounted throttle with cruise control
- Padded backrest and shoulder straps for user comfort
- Exclusive vented backrest pad provides air circulation around the user for comfort in hot weather
- 44% reduced starting effort compared to its predecessor (the PB-580)
- Pleated, automotive-style air filter for superior filtration

Engine (cc)	59.7
Weight (lbs.)	20.9 (9.5 kg)
Fuel Capacity (fl. oz)	43.2 (1.3 L)
Max Air Speed At Nozzle (mph)	200 (322 km/h)
Blowing Force (N) At Nozzle	27
Air Volume At Nozzle (CFM)	700
Noise Level (db(A))*	75

\*Per ansi B175.2-2012

## Curved Tube

Angled design allows increased control when directing air flow.

Fits PB-760LN, PB-770

Part#: E165000730

## Blower Strap

Fits PB-2520, PB-2620, DPB-2500

Part#: 99944100030

**PB-755S**  
BACKPACK BLOWER

The PB-755S backpack blower pushes 651 CFM at 233 MPH (375 km/h). With easy maintenance and ergonomic designs for all-day comfort, it makes the toughest cleanups a breeze.

- Available with hip- (PB-755SH) or tube- (PB-755ST) mounted throttle with cruise control
- Professional design built for durability and ease of maintenance
- Pleated, automotive-style air filter for superior filtration

Engine (cc)	63.3
Weight (lbs.)	24.7 (11.2 kg)
Fuel Capacity (fl. oz)	62 (1.8 L)
Max Air Speed At Nozzle (mph)	233 (375 km/h)
Blowing Force (N) At Nozzle	28
Air Volume At Nozzle (CFM)	651
Noise Level (db(A))*	74

\*Per ansi B175.2-2012

**PB-770**  
BACKPACK BLOWER

The industry's best combination of air speed and air volume. The PB-770 backpack blower moves an astounding 756 CFM at 234 MPH (377 km/h).

- Available with hip- (PB-770H) or tube- (PB-770T) mounted throttle with cruise control
- Side-mounted, heavy-duty, dual-stage air filtration system for longer engine life
- Padded shoulder straps and backrest
- Exclusive vented back pad provides cooling air that circulates around the user for comfort in hot weather

Engine (cc)	63.3
Weight (lbs.)	24.5/24.3 (11.1/ 11.0 kg)
Fuel Capacity (fl. oz)	68.3 (2L)
Max Air Speed At Nozzle (mph)	234 (377 km/h)
Blowing Force (N) At Nozzle	33
Air Volume At Nozzle (CFM)	756
Noise Level (db(A))*	74

\*Per ansi B175.2-2012

**NEW PB-7910**  
BACKPACK BLOWER

The PB-7910 commercial-grade, high-performance backpack blower provides 835 CFM and 240 MPH (386 km/h) blowing performance making it the most powerful blower on the market at its price point.

- Available with hip- (PB-7910H) or tube- (PB-7910T) mounted throttle with cruise control
- Padded shoulder straps and backrest
- Exclusive vented back pad provides cooling air that circulates around the user for comfort in hot weather
- Side-mounted, heavy-duty, dual-stage air filtration system for longer engine life

Engine (cc)	63.3
Weight (lbs.)	24.5/24.3 (11.1/ 11.0 kg)
Fuel Capacity (fl. oz)	68.3 (2L)
Max Air Speed At Nozzle (mph)	234 (377 km/h)
Blowing Force (N) At Nozzle	33
Air Volume At Nozzle (CFM)	756
Noise Level (db(A))*	74

\*Per ansi B175.2-2012

## **PB-9010** **BACKPACK BLOWER**

The world's most powerful backpack blower. The PB-9010 backpack blower is a professional-grade windstorm built to power through the toughest workdays with ease.

- Available with hip- (PB-9010H) or tube- (PB-9010T) mounted throttle with cruise control
- High performance 2-stroke engine provides durable and reliable power
- 2-stage air filter extends engine life
- Patented tube wear ring

Engine (cc)	79.9
Weight (lbs.)	27.5/27.2 (12.5/12.3 kg)
Fuel Capacity (fl. oz.)	83.8 (2.5 L)
Max Air Speed At Nozzle (mph)	220 (354 km/h)
Blowing Force (N) At Nozzle	48
Air Volume At Nozzle (CFM)	1,110
Noise Level (db(A))*	80

\*Per ansi B175.2-2012

- 1 79.9 cc professional-grade 2-stroke engine
- 2 Tool-less access air filtration system
- 3 Large capacity fuel tank
- 4 Patented wear ring
- 5 Posi-loc™ pipes

## CS-2511T/CS-2511TN TOP HANDLE CHAINSAW

The top-handle CS-2511T is in a class of its own as the lightest gas-powered chainsaw in North America. The CS-2511TN uses the 80TXL cutting system for reduced vibration and superior cutting performance for professional arborists.

- Choke with automatic fast idle for easy starting
- Clutch-driven adjustable oiler
- Fine grid starter cover prevents debris ingestion for longer life and less maintenance
- TN models have reduced vibration and more efficient cutting

Engine (cc)	25
Weight (lbs.)	5.2 (2.4 kg)
Bar Length (in.)	12, 14
Fuel Capacity (fl. oz)	6.4 (189 ml)
Oil Capacity (fl. oz)	4.7 (139 ml)

# CHAINSAWS

A trusted choice of tree care professionals around the world for decades, ECHO's top- and rear-handle chainsaws can tackle the toughest jobs out there with superior power and smooth operation. Get the performance and durability you need from the professional-grade, 2-stroke engine and enjoy fast, reliable starting with our advanced ignition system. All ECHO chainsaws come standard with the best commercial features such as vibration reduction systems, automatic oilers, inertia chain brakes and more.

## SUGGESTED ARBORIST SAW APPLICATION

Oil Capacity (fl. oz)	5.4 (160 ml)

**CS-355T**    
TOP HANDLE CHAINSAW

The CS-355T is ECHO's most powerful top handle chainsaw combining professional-grade power with ergonomic, user-friendly features. It delivers all-day productivity without all-day exhaustion.

- ECHO's highest-power top-handle chainsaw
- Heavy-duty air filter provides superior air filtration
- Integrated choke and fast idle with trigger release for fast starts
- Purge bulb provides fresh fuel to carburetor for fast starts

Engine (cc)	35.8
Weight (lbs.)	8 (3.6 kg)
Bar Length (in.)	14, 16
Fuel Capacity (fl. oz)	11.2 (331 ml)
Oil Capacity (fl. oz)	8.2 (243 ml)

**CS-361P**    
REAR HANDLE CHAINSAW

Top handle performance in a rear handle design, the CS-361P features excellent power-to-weight ratio and is loaded with user-friendly innovations. It's the easy choice for arborists facing oversized workdays.

- Compact rear-handle chainsaw for professional arborists
- Tool-less, easy-access air filter
- Integrated choke and fast idle with trigger release for fast starts
- Purge bulb provides fresh fuel to carburetor for fast starts

Engine (cc)	35.8
Weight (lbs.)	8.4 (3.6 kg)
Bar Length (in.)	14, 16
Fuel Capacity (fl. oz)	10.8 (319 ml)

- 1 25 cc professional-grade, 2-stroke engine
- 2 Dual-post chain brake
- 3 G-Force Engine Air Pre-Cleaner™
- 4 Automatic clutch-driven oiler

## CS-2511P/CS-2511PN REAR HANDLE CHAINSAW

The world's lightest rear-handle chainsaw features the industry's best power-to-weight ratio, ensuring a long day of work isn't more exhausting than it needs to be. The CS-2511PN uses the 80TXL cutting system for reduced vibration and superior cutting performance.

- Spring-assist starter
- Fine grid starter cover prevents debris ingestion for longer life and less maintenance
- Two-piece mesh air filter for easy cleaning
- TN models have reduced vibration and more efficient cutting

Engine (cc)	25
Weight (lbs.)	5.7 (2.6 kg)
Bar Length (in.)	12, 14
Fuel Capacity (fl. oz)	6.4 (189 ml)
Oil Capacity (fl. oz)	4.7 (139 ml)

### CS-3410

#### REAR-HANDLE CHAINSAW

The ECHO CS-3410 features a 34.4 cc professional-grade, 2-stroke engine for lower emissions. Ideal for limbing and cutting firewood, the CS-3410 is the perfect choice for homeowners.

- i-30™ starter reduces starting effort by 30%
- Side-access chain tensioner for quick chain adjustments
- Momentary stop switch automatically returns to "ON" position
- Translucent fuel tank for quick fuel level checks

Engine (cc)	34.4
Weight (lbs.)	8.2 (3.7 kg)
Bar Length (in.)	14, 16
Fuel Capacity (fl. oz)	9.5 (281 ml)
Oil Capacity (fl. oz)	7.8 (231 ml)

### CS-3510

#### REAR HANDLE CHAINSAW

The lightest chainsaw in its class, ideal for storm clean up and mid size tree felling, it powers through with reliability and productivity.

- i-30™ starter reduces starting effort by 30%
- Multiple-stage air filtration system cleans air and reduces air filter maintenance
- Momentary stop switch automatically returns to "ON" position
- Translucent fuel tank for quick fuel level checks

Engine (cc)	34.4
Weight (lbs.)	8.2 (3.7 kg)
Bar Length (in.)	16
Fuel Capacity (fl. oz)	9.5 (281 ml)
Oil Capacity (fl. oz)	7.8 (231 ml)

### CS-352

#### REAR HANDLE CHAINSAW

With a host of user-friendly features, the popular 34 cc CS-352 is the hardest worker on any property.

- i-30™ starter reduces starting effort by 30%
- Tool-less, easy-access air filter
- Side-access chain tensioner for quick chain adjustments
- Vibration-reduction system for operator comfort

Engine (cc)	34
Weight (lbs.)	8.8 (4.0 kg)
Bar Length (in.)	16
Fuel Capacity (fl. oz)	8.5 (251 ml)
Oil Capacity (fl. oz)	8.8 (260 ml)

## CHAINSAW ACCESSORIES

### Chainsaw Safety Helmet System

Noise reduction rating  
22 dB(A) rated.

**Part#:** 99988801500

#### Replacement Parts:

**Part#:** 99988801501 - Harness

**Part#:** 99988801502 - Screen

**Part#:** 99988801503 - Visor Frame

**Part#:** 99988801504 - Ear Muffs

### 20 in. Chainsaw Carry Bag

Dimensions: 18.5 in. (L) x 12 in. (W) x 11.5 (H).

Length with scabbard: 37 in.

**Part#:** 103942147

### Small Chainsaw Case

Fits most small to medium-sized saws  
and ECHO saws up to CS-501P with  
an 18 in. bar. Length with scabbard: 34 in.

Dimensions: 17.5 in. (L) x 12 in. (W) x 11.5 in. (H)

**Part#:** 99988801213

### ToughChest™ Chainsaw Cases

Does not fit CS-620PW, CS-7310P/PW, DCS-5000.

Dimensions: 20 in. (L) x 12 in. (W) x 12.5 in. (H)  
without scabbard.

**Part#:** 99988801210 - ECHO saws up to 20 in. bar  
37.75 in. length with scabbard

**Part#:** 99988801211 - ECHO saws  
up to 24 in. bar\*

41 in. length with scabbard

\* Does not fit CS-590 with 24 in.

DOAS bar

### CS-4010

#### REAR HANDLE CHAINSAW

Homeowners can step up in engine displacement to the CS-4010 for greater productivity in firewood processing and storm clean up.

- Purge bulb and momentary stop switch for easy starting
- Side-access chain tensioner for quick chain adjustments
- Translucent fuel and oil tanks for quick level checks

Engine (cc)	41.6
Weight (lbs.)	9.4 (4.3 kg)
Bar Length (in.)	18
Fuel Capacity (fl. oz)	11.8 (349 ml)
Oil Capacity (fl. oz)	7.8 (231 ml)

## Palm Debris Guard (optional)

Part#: 91209 - CS-355T

Part#: A127000480 - CS-251P/T

## Plastic Scabbard

Fits 12 to 20 in. bars.

Part#: 99988801595 - Retail Pkg. of 1

Part#: 89850308034 - Display Box of 12

## Stump Vise

Part#: 99988801808

## Chainsaw Safety Kit\*

Includes chainsaw safety helmet system, safety glasses, work gloves (L), and professional apron style leg chaps. Length 36 in.

Part#: 99988801527

## Chainsaw Chaps\*

Expandable 30 in. - 42 in. waist. Meets OSHA standards for leg protection. UL classified in accordance with ASTM F1897-2014.

Part#: 99988801300 - 36 in. long, Apron design

## Chainsaw Gloves

Features two layers of Kevlar® on the back for cut resistance, and foam pads on the palm for vibration reduction. 100% goatskin leather.

Part#: 99988801600 (M)

Part#: 99988801601 (L)

Part#: 99988801602 (XL)

Part#: 99988801603 (XXL)

\*ECHO recommends the use of personal protective equipment when operating ECHO power equipment. Chainsaw chaps and pants may not provide the same level of protection with battery chainsaws as with gas chainsaws.

## CS-4510

### REAR HANDLE CHAINSAW

Whether the work calls for mid-duty cleanup or bucking loads of firewood, the CS-4510 delivers power and performance for the long haul.

- Spring-assist starter reduces starting effort
- Heavy-duty air filter with tool-less access provides superior air filtration
- Momentary stop switch automatically returns to "ON" position

Engine (cc)	45
Weight (lbs.)	11.1 (5.0 kg)
Bar Length (in.)	16, 18
Fuel Capacity (fl. oz)	16.2 (479 ml)
Oil Capacity (fl. oz)	11.1 (328 ml)

## CS-4920

### REAR HANDLE CHAINSAW

A lightweight and powerful chainsaw for heavier jobs, such as installing fence posts, storm clean-up and firewood cutting.

- Purge bulb and stop switch automatically returns to "ON" position
- Tool-less air filter cover for easy access
- Side-access chain tensioner for quick chain adjustments

Engine (cc)	50.2
Weight (lbs.)	11.1 (5.0 kg)
Bar Length (in.)	16, 18, 20
Fuel Capacity (fl. oz)	16.2 (479 ml)
Oil Capacity (fl. oz)	11.2 (331 ml)

## CS-501P

### REAR HANDLE CHAINSAW

Made with pros in mind, the CS-501P is the lightest 50 cc chainsaw in North America, built for heavy use, logging and larger clearing without added effort.

- Aluminum handle with rubber grip
- Lightest chainsaw in its class
- Decompression valve for easier starting
- Two-piece flocked air filter for easy cleaning
- Captive bar nuts eliminate chance of losing fasteners

Engine (cc)	50.2
Weight (lbs.)	10.6 (4.8 kg)
Bar Length (in.)	18, 20
Fuel Capacity (fl. oz)	16.6 (491 ml)
Oil Capacity (fl. oz)	9.5 (281 ml)

## Chainsaw Kick Guard™

**Part#:** 2894902 - CS-2511P/T through CS-4010, as well as DCS-2500T & DCS-5000

**Part#:** 2893202 - CS-4510 through CS-7310P/PW

## Fastension™

Allows for quick and easy chain adjustments without tools. For CS-400 only.

**Part#:** 99988802200

## Bar & Chain Combos

## CS-590 REAR HANDLE CHAINSAW

The icon. A professionally productive beast for farm, ranch and tree felling. A lightweight, professional-grade 59.8 cc engine provides the confidence and performance needed to tame the toughest jobs.

- G-Force Engine Air Pre-Cleaner™ for reduced air filter maintenance
- Heavy-duty air filter with tool-less access provides superior air filtration
- Decompression valve for easier starting
- Two-piece flocked air filter for easy cleaning

Engine (cc)	59.8
Weight (lbs.)	13.2 (6.0 kg)
Bar Length (in.)	18, 20, 24
Fuel Capacity (fl. oz)	21.8 (645 ml)
Oil Capacity (fl. oz)	10.2 (302 ml)

## CS-620P REAR HANDLE CHAINSAW

The CS-620P is a best-in-class professional saw for heavy clearing and logging. It features a Performance Cutting System™ and comes loaded with user-friendly innovations to keep the sawdust flying.

- Professional-grade magnesium sprocket cover and crankcase
- G-Force Engine Pre-Cleaner™ and heavy-duty air filter provide superior air filtration
- Decompression valve for easier starting
- Heavy-duty, easy-access air filter for convenient in-field servicing

Engine (cc)	59.8
Weight (lbs.)	13.7 (6.0 kg)
Bar Length (in.)	18, 20, 24, 27
Fuel Capacity (fl. oz)	21.8 (645 ml)
Oil Capacity (fl. oz)	10.2 (302 ml)

## CS-620PW REAR HANDLE CHAINSAW

The pros know what separates ECHO power from everyone else. ECHO built the wrap-handle CS-620PW especially for those with the longest days and the most demanding standards

- Professional-grade magnesium sprocket cover and crankcase
- G-Force Engine Pre-Cleaner™ and heavy-duty air filter provide superior air filtration
- Decompression valve for easier starting
- Heavy-duty, easy-access air filter for convenient in-field servicing
- Heavy-duty full-wrap aluminum handle with rubber grip

Engine (cc)	59.8
Weight (lbs.)	14.1 (6.4 kg)
Bar Length (in.)	20, 24, 27
Fuel Capacity (fl. oz)	21.8 (645 ml)
Oil Capacity (fl. oz)	10.2 (302 ml)

## Bumper Spike (optional)

**Part#:** 99988802100 - CS-590  
(right side mount)

**Part#:** C304000000 - CS-2511P  
(left side mount)

## CHAINSAW ACCESSORIES

### CS-680 REAR HANDLE CHAINSAW

When a paycheck depends on performance, the pros reach for the CS-680. With 66.8 cc's of professional-grade ECHO power and available 20, 24 and 27 in. Performance Cutting System™ bar upgrades, it cuts the toughest jobs down to size.

- Performance Cutting System™
- Aluminum handle with rubber grip
- Top-mounted, tool-less access air filter cover for quick maintenance
- Side-access chain tensioner for easy chain adjustment

Engine (cc)	66.8
Weight (lbs.)	14.6 (6.6 kg)
Bar Length (in.)	20, 24, 27
Fuel Capacity (fl. oz)	21.6 (639 ml)
Oil Capacity (fl. oz)	12.5 (370 ml)

### CS-7310P REAR HANDLE CHAINSAW

The CS-7310P Chainsaw is not only ECHO's most powerful chainsaw in North America but it has the features arborists and loggers need to tackle tough jobs. The CS-7310P is powerful, durable, and ready to work as long as you do.

- Professional-grade magnesium sprocket cover and crankcase
- Four-stage air filtration system cleans air and reduces air filter maintenance
- Translucent fuel tank for quick fuel level checks
- Available with .050 in. gauge or .058 in. gauge chain

Engine (cc)	73.5
Weight (lbs.)	14.8 (6.7 kg)
Bar Length (in.)	20, 24, 28, 32
Fuel Capacity (fl. oz)	27.1 (801 ml)
Oil Capacity (fl. oz)	12.2 (361 ml)

### CS-7310PW REAR HANDLE CHAINSAW

Power and maneuverability. The wrap-handle CS-7310PW is the most powerful ECHO chainsaw in North America. It owns a hard-earned reputation among professionals for all-day performance and all-world power.

- Full-wrap aluminum handle with rubber grip
- Professional-grade magnesium sprocket cover and crankcase
- Four-stage air filtration system cleans air and reduces air filter maintenance
- Translucent fuel tank for quick fuel level checks
- Available with .050 in. gauge or .058 in. gauge chain

Engine (cc)	73.5
Weight (lbs.)	15.4 (7.0 kg)
Bar Length (in.)	24, 28, 32
Fuel Capacity (fl. oz)	27.1 (801 ml)
Oil Capacity (fl. oz)	12.2 (361 ml)

## ARBORIST CHAINSAWS

## REAR HANDLE CHAINSAWS

<b>Features and Benefits</b>
Dual-post chain brake for extra durability
Tool-less air filter cover for easy access
Automotive-style air filter for superior filtration
Two-piece air filter for easy cleaning
Multiple stage air filtration system
Felt air filter
Round felt air filter
G-Force Engine Air Pre-Cleaner™ for cleaner air supply
Vibration-reduction system for operator comfort
i-30™ starting system for 30% starting/pulling effort reduction
Spring-assisted starting system for reduced effort starting
Digital ignition system provides Intelligent electronic programing for precise ignition timing at all operating speeds
Integrated choke and fast idle with trigger release
Automatic clutch-driven oiler for reduced oil usage
Automatic, adjustable clutch-driven oiler for reduced oil usage
Automatic, adjustable oiler with manual override
Performance Cutting System™ - upgraded bar and chain
Replaceable, metal bumper spike for improved control
Decompression valve for easy starting
Aluminum handle with rubber grip for improved comfort
Purge bulb for easy starting
Wrap handle for more gripping options
Translucent fuel tank for easy level checks

The part numbers listed above (e.g. **91PXL52CQ**) include a two- or three-letter code that references the chain type. See detailed descriptions below.

#### CHAIN TYPE: LOW-KICKBACK CHAIN

- PX** Low-vibration chamfer chisel chain cutters with ramped depth gauges, bumper drive links and standard sequence.
- BPX** Low-vibration chisel cutters with bumper drive links and standard sequence.
- PXL** Low-vibration semi-chisel cutter with ramped depth gauges, bumper drive links and longer top plate.
- TXL** Low-vibration micro-chisel cutters with ramped depth gauge and bumper drive-links.

#### CHAIN TYPE: PROFESSIONAL CHAIN

- LPX** Round-ground chisel cutters with bumper drive links and standard sequence.
- VXL** Low-vibration semi-chisel cutter with ramped depth gauges and longer top plate.

## POWER PRUNERS®

ECHO Power Pruners provide extra long reach for fast, easy and safe tree pruning while keeping your feet on the ground. Available in either fixed length or telescoping configurations, a Power Pruner can provide a reach of over 12 feet depending on the model (and even longer with optional extensions). The lightweight design and comfortable controls ensure maximum operator comfort. Heavy-duty gearboxes feature dual-sealed bearings and spiral cut steel gears for maximum lubrication, durability and cutting performance. An adjustable oiler delivers the right amount of oil, every time, for exceptional chain lubrication. The chain tensioning system improves cutting performance and extends bar and chain life. ECHO Power Pruners deliver commercial-grade performance and optimum tree care versatility.

### PPF-225

#### POWER PRUNER®

The ergonomic PPF-225 Power Pruner® pole saw features a 94 in. fixed shaft for pruning branches in hard-to-reach places. An i-30™ starter system reduces starting effort by 30%, helping to maximize productivity.

- i-30™ starter reduces starting effort by 30%
- Front and rear handle rubber grips for operator comfort and reduced vibration
- Lightweight magnesium gear case with side access chain tensioner
- 3 ft. extension also available

Engine (cc)	21.2
Weight (lbs.)	12.8 (5.8 kg)
Bar Length (in.)	10
Overall Length (in.)	94
Fuel Capacity (fl. oz)	14.2 (500 ml)
Oil Capacity (fl. oz)	6.6 (195 ml)

### PPF-2620

#### POWER PRUNER®

The PPF-2620 Power Pruner® pole saw with a 96 in. fixed shaft combines lightweight design & user-friendly ergonomics. Two-stage air filtration and a side-access chain tensioner simplify in-field maintenance.

- Front and rear handle rubber grips for operator comfort and vibration reduction
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Lightweight magnesium gear case with side access chain tensioner
- Automatic, adjustable oiler to match cutting conditions

Engine (cc)	25.4
Weight (lbs.)	13.2 (6.0 kg)
Bar Length (in.)	12
Overall Length (in.)	96
Fuel Capacity (fl. oz)	20.6 (609 ml)
Oil Capacity (fl. oz)	6.6 (195 ml)

## **PPT-2620** **POWER PRUNER®**

The PPT-2620 Power Pruner® pole saw with loop handle features a telescoping shaft able to reach more than 12 feet. With an a two-stage air filter and a fuel tank 14% larger than competitors, it's made to handle professional workloads.

- Ergonomic loop handle with rubber grip for comfort and vibration reduction
- Shaft telescopes to over 12 feet in length
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Automatic, adjustable oiler to match cutting conditions

Engine (cc)	25.4
Weight (lbs.)	17.4 (7.9 kg)
Bar Length (in.)	12
Overall Length (in.)	107-146
Fuel Capacity (fl. oz)	20.6 (609 ml)
Oil Capacity (fl. oz)	6.6 (195 ml)

## **PPT-2620H** **POWER PRUNER®**

The PPT-2620H Power Pruner® pole saw with in-line handle features a telescoping shaft able to reach more than 12 feet. Its ergonomic design, two-stage air filter and larger fuel tank are made to comfortably handle long days and professional workloads.

- In-line handle with rubber grip for comfort and vibration reduction
- Shaft telescopes to over 12 feet in length
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Automatic, adjustable oiler to match cutting conditions

Engine (cc)	25.4
Weight (lbs.)	17 (7.7 kg)
Bar Length (in.)	12
Overall Length (in.)	107-146
Fuel Capacity (fl. oz)	20.6 (609 ml)
Oil Capacity (fl. oz)	6.6 (195 ml)

## POWER PRUNER® ACCESSORIES

### 3 ft. extension (Fixed only)

Fits all PPF models.

Extended reach up to 10 ft. 9 in.

**Part#:** 99946400011

### 4 ft. Extension (Telescoping only)

Fits all PPT models.

Extended reach up to 16 ft. 2 in.

**Part#:** 99946400023

# CUT-OFF SAW

ECHO's powerful, easy-to-use cut-off saw is a hardscape pro favorite because of its exceptional cutting performance. With a class-leading high-torque drive system, you have a greater ability to cut through blocks or concrete without stalling. The CSG-7410 is easy to start thanks to a spring-assist starter, decompression valve, choke with fast idle and purge bulb. The reversible cutting arm enables you to switch from a standard position to outside mount for flush cutting.

## CSG-7410 CUT-OFF SAW

Easy cuts for hardscape pros. The CSG-7410 features a high drive ratio for improved cutting through thick masonry blocks and dense concrete. It includes a four-stage air filtration system and a quick-release hose adapter.

- Class-leading high-torque drive system
- Patented 4-stage air cleaner provides the engine with clean air for long life
- Easy starting system includes reduced effort starter and decompression valve
- Reversible cutting arm can be moved to enable cutting near a wall or close to the ground

Engine (cc)	73.5
Weight (lbs.)	22.7 (10.3 kg)
Wheel Diameter (in.)	14
Fuel Capacity (fl. oz)	23.7 (701 ml)

## CUT-OFF SAW ACCESSORIES

### Pressurized Water Tank

3-gallons, fits the CSG-7410 and most competitive cut-off saws.

**Part#: 99988805000**

### Cut-Off Saw Cart\*

Designed for use with the CSG-7410 cut-off saw featuring 6-step cutting depth, 2.6 gal. water tank, and easy access engine throttle for anywhere a wheeled concrete saw is needed.

**Part#: CWT-7410**

*\*Handle design shown in image above is for visual purposes only*

# HEDGE TRIMMERS

ECHO hedge trimmers deliver commercial-grade performance in single-sided and double-sided blade configurations, as well as shafted models. ECHO hedge trimmers are tough, reliable and loaded with intelligent features like throttle lock-out to help prevent accidental blade engagement, commercial-grade gear cases and cutting blades for the heaviest applications, and vibration-reducing engine mounts and padded handles for operator comfort. Every hedge trimmer has ECHO's exclusive RazorEdge® blades, which have three sharpened edges per tooth, enabling the blade to start cutting plant material before they are engaged, giving you the most efficient cut possible.

**HC-2020**  
**HEDGE TRIMMER**

The HC-2020 hedge trimmer is built to professional standards but perfectly accessible for homeowners maintaining their landscaping. With a balanced, lightweight construction and 20-in. double-sided blades, it adds beauty without adding user fatigue.

- Lightweight design for reduced operator fatigue
- 20 in. double-sided, double-reciprocating
- RazorEdge® blades feature three sharpened edge for more efficient cutting
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals

Engine (cc)	21.2
Weight (lbs.)	10 (4.5 kg)
Blade Length (in.).	20
Fuel Capacity (fl. oz)	13.2 (390 ml)

**HC-155**  
**HEDGE TRIMMER**

Featuring 24-in. double-sided, double-reciprocating RazorEdge® blades to make quick, precise work of overgrown hedges and bushes, the HC-155 is easy to start, easy to use, and ideal for maintaining a home's curb appeal.

- 24 in. double-sided, double-reciprocating
- RazorEdge® blades feature three sharpened edge for more efficient cutting
- i-30™ starter reduces starting effort by 30%
- Commercial-duty air filtration system for long engine life

Engine (cc)	21.2
Weight (lbs.)	11.3 (10.3 kg)
Blade Length (in.).	24
Fuel Capacity (fl. oz)	16.9 (500 ml)

Made to help pros meet the needs of demanding clients and properties. With best-in-class performance and a host of user-friendly features, it cuts smoothly to transform overgrown bushes and hedges into beautiful, brag-worthy landscaping.

- Lightest hedge trimmers in its class
- 3-position 180 degree rotating handle for increased maneuverability
- Double-sided, double-reciprocating RazorEdge® blades
- Full-spring suspension system reduces vibration for operator comfort
- Front-facing exhaust prevents plant damage

Engine (cc)	21.2
Weight (lbs.)	11/11.4 (5.0/5.2 kg)
Blade Length (in.).	22/28
Fuel Capacity (fl. oz)	12.5 (370 ml)

These professional-grade shafted hedge trimmers make quick work of stray branches. With a comfortable design and offset gear case, it simplifies cuts at awkward angles or in hard-to-reach places.

- 21 in. double-sided, double reciprocating RazorEdge® blades feature three sharpened edges for more efficient cutting
- i-30™ starter reduces starting effort by 30%
- Vibration reduction system for increased comfort
- Commercial-duty air filtration system for long engine life

Engine (cc)	21.2
Weight (lbs.)	12.1/12.3 (5.5/5.6 kg)
Shaft Length (in.)	33/20
Blade Length (in.).	21
Fuel Capacity (fl. oz)	12.8 (371 ml)

## SHC-2620/SHC-2620S SHAFTED HEDGE TRIMMERS

Power, precision, performance, and reach. These best-in-class hedge trimmers pair pro-grade muscle with lightweight construction to power through tough jobs and hard-to-reach hedges. A gear case offset by 7° also adds smoothness and precision for demanding cuts.

- 21 in. double-sided, double-reciprocating RazorEdge® blades feature three sharpened edges for more efficient cutting
- Tool-less access, two-stage air filtration system dramatically increases ease of maintenance
- 7 degree angled shaft provides a wide-angle view for trimming complex shapes (for SHC-2620 only)
- Bellows-style fuel transfer system provides for easy start-ability especially for re-starts in hot, dusty climates

Engine (cc)	25.4
Weight (lbs.)	13.2/12.7 (6.0/5.8 kg)
Shaft Length (in.)	51/42
Blade Length (in.)	21
Fuel Capacity (fl. oz)	20.6 (609 ml)

## HCA-2620/HCA-2620S ARTICULATING SHAFTED HEDGE TRIMMERS

These best-in-class articulating-shaft hedge trimmers can pivot 135° to provide precise cuts with minimal difficulty. Balanced and lightweight, it's built for smooth maneuverability day after day and job after job.

- 21 in. double-sided, double-reciprocating
- RazorEdge® blades feature three sharpened edges for more efficient cutting
- Tool-less access air filtration system for easy and convenient in-field servicing
- Articulating gear case allows 10 blade adjustments with a total range of 135 degrees
- Vibration-reduction system isolates front and rear handles from the engine and gear case for operator comfort

Engine (cc)	25.4
Weight (lbs.)	14.8/13.6 (6.7/6.2 kg)
Shaft Length (in.)	59/33
Blade Length (in.)	21
Fuel Capacity (fl. oz)	20.6 (609 ml)

## HEDGE TRIMMER ACCESSORIES

### Tip Guards

**Part#:** 99988802000 - HC-155 and all SHC models

**Part#:** 99988802010 - HCA-2620

**Part#:** 99988802020 - For all single-sided models

**Part#:** 99988802030 - HC-2020

### Red Armor® Blade Cleaner and Lubricant

Get rid of what's collected along your blade. Our exclusive formula reduces friction, prevents corrosion, and promotes post-trimming plant health.

**Part#:** 4550012 - 12 fl. oz. bottle

# PRO ATTACHMENT SERIES™

The ECHO Pro Attachment Series™ (PAS) is the perfect all-in-one solution. In a word, the system delivers versatility. The application flexibility of this expandable lineup is as limitless as your changing job requirements. When your job requires a change, a simple tool-less coupler makes changing to another tool quick and easy. The PAS system is also economical without having to purchase stand-alone, dedicated units or maintain multiple engines - all you need is one power head and a collection of attachments.

**2** year  
Commercial  
Warranty  
**5** year  
Consumer  
Warranty

The PAS-225 powerhead saves space, time, effort, and money by pairing with twelve available PAS attachments. With professional-grade power and an easy, secure attachment connection, it keeps you prepared for anything the workday can throw your way.

- Tool-less coupler allows for fast easy changes on multiple attachments
- i-30™ starter reduces starting effort by 30%
- Vibration reduction system for increased comfort
- Accepts up to 12 PAS attachments

Engine (cc)	21.2
Weight (lbs.)	9.3 (4.2 kg)
Shaft Length (in.)	40.7
Fuel Capacity (fl. oz)	14.2 (420 ml)

The PAS-225SB features the PAS-225 powerhead with a Speed-Feed® 400 trimmer head attachment included. Designed for unmatched versatility, the trimmer head attachment can be swapped out in seconds for use with twelve available PAS attachments.

- i-30™ starter reduces starting effort by 30%
- Durable debris shield with cut-off knife
- Accepts up to 12 PAS attachments

Engine (cc)	21.2
Weight (lbs.)	9.3 (4.2 kg)
Shaft Length (in.)	59
Fuel Capacity (fl. oz)	14.2 (420 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17

The PAS-225VPB features the PAS-225 powerhead with a blower attachment and a Speed-Feed® 400 trimmer head attachment included.

- i-30™ starter reduces starting effort by 30%
- Blower attachment features 100 MPH air flow and 317 CFM
- Accepts up to 12 PAS attachments

Engine (cc)	21.2
Head Weight (lbs.)	9.3 (4.2 kg)
Total Shaft Length (in.)	40.7
Fuel Capacity (fl. oz)	14.2 (420 ml)
Cutting Head	Speed-Feed® 400
Cutting Swath (in.)	17
Max Air Speed At Nozzle (mph)	100 (161 km/h)
Air Volume At Nozzle (CFM)	317

The all-job versatility you want, with the all-day ECHO power you need. Whether the work calls for trimming, blowing, brushcutting, edging, bed redefining, sweeping, pruning, hedge trimming or tilling, the best-in-class PAS-2620 powerhead is up to the task.

- Tool-less coupler allows for fast easy changes on up to 15 attachments
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Engine vibration reducing mounting absorbs engine vibration
- Cushioned front and rear handles increase operator comfort

Engine (cc)	25.4
Weight (lbs.)	9.9 (4.5 kg)

Fuel Capacity (fl. oz)	20.6 (601 ml)

## PAS ATTACHMENTS

### Pro Paddle™

- 10, 1.625 in. durable rubber fins
- 22.5 in sweeping swath
- Useful for rocks, mulch, pine needles, pine cones, acorns and sand
- Length: 36.5 in. Weight: 11.2 lbs.

**Part#: 99944200620**

### Pro Sweep™

- 22.5 in. sweeping swath
- Perfect for all surfaces including lawn, concrete and soil
- Length: 36 in. Weight: 11.2 lbs.

**Part#: 99944200553**

### Speed-Feed® 400 Trimmer

- 1.62:1 gear ratio
- Easy-loading Speed-Feed 400\*
- Length: 34 in. Weight: 3 lbs.

**Part#: 99944200540**

### Pro-Torque™ Trimmer

- 2:1 high-torque gear ratio to power through tough overgrown grass and weeds
- ECHOMATIC™ trimmer head
- Length: 34 in. Weight: 3.2 lbs.

**Part#: 99944200545**

### Bed Redefiner

- Patented, replaceable 6-finger steel claw
- Adjustable support wheel
- Length: 34.8 in. Weight: 8.5 lbs.

**Part#: 99944200465**

### Curved Shaft Edger

- Pro-Torque™ gear case
- Blade length: 7.75 in.
- Length: 33 in. Weight: 5.6 lbs.

**Part#: 99944200470AB**

### Tiller/Cultivator

- 6.5 in tilling swath
- Heavy-duty gear box
- 42:1 gear reduction
- Length: 35 in. Weight: 4.6 lbs.

**Part#: 99944200513**

### Mid-Reach Hedge Trimmer

- 21 in. double-sided double-reciprocating RazorEdge® blades
- Length: 37.9 in. Weight: 3.63 lbs.

**Part#: 99944200640**

### 3 ft. Extension

- Tool-less coupler attaches between the PAS powerhead and attachment
- Compatible with Power Pruner® and all hedge trimmer attachments
- Length: 36 in. Weight: 2.6 lbs.

**Part#: 99944200536**

### Curved Shaft Trimmer

- Rapid Loader® head
- Curved shaft for precise trimming
- Length: 33 in. Weight: 3.9 lbs.

**Part#: 99944200615**

### Brushcutter

- 1.62:1 gear ratio
- Includes 8 in. 80-tooth brush blade
- Length: 33 in. Weight: 2.62 lbs.

**Part#: 99944200601**

### Blower

- Solid drive shaft with 4-bearing support
- Direct-drive fan for efficient power transfer
- Length: 25 in. Weight: 3.9 lbs.

**Part#: 99944200490**

### Straight Shaft Edger

- Pro-Torque™ gear case
- Blade length: 7.75 in.
- Length: 33 in. Weight: 5.6 lbs.

**Part#: 99944200475**

### Power Pruner®

- Heavy-duty gear case and automatic oiler
- Over 8 ft. of total reach
- Comes with a 10 in. bar and chain
- Length: 57 in. Weight: 4.8 lbs.

**Part#: 99944200532**

### Standard Hedge Trimmer

- 21 in. double-sided double-reciprocating RazorEdge® blades
- Length: 50.1 in. Weight: 4.13 lbs.

**Part#: 99944200486**

### Articulating Hedge Trimmer

- 10 blade positions with range of 135°
- 21 in. double-sided double-reciprocating RazorEdge® blades
- 64.4 in. length (extended), 46.3 in. length (storage position)
- Length: 64.4 in. Weight: 5.6 lbs.

**Part#: 99944200596**

Warranty  
**90** day  
Commercial  
Warranty

For RB-60 only.

Optional hopper cover  
for RB-60  
**Part#:** G401000020

The RB-60 heavy-duty turf broadcast spreader features a 60 lb.-capacity hopper with a spread pattern up to 8 feet wide. Whether spreading seeds, fertilizer, pesticides or more, the RB-60 is a reliable tool for bringing lawns closer to perfection.

- Factory-calibrated spread pattern provides even, accurate coverage
- Maintenance-free gear case reduces maintenance time and costs
- Foot-operated side deflector keeps material out of unwanted areas

Weight (lbs.)	<b>23 (10.4 kg)</b>
Tire Size (in.)	<b>10</b>
Hopper Capacity (lbs.)	<b>60 (27.2 kg)</b>
Frame	<b>Powder-coated Steel</b>

## RB-85 BROADCAST SPREADER

The RB-85 is a professional, turf broadcast-style spreader featuring a 13 in. diameter tires and a tough, corrosion-resistant powder-coated steel frame to support an oversized 85 lb.-capacity hopper.

- Includes hopper grate and cover
- Large-capacity hopper holds 1.54 cu. ft. of material
- Heavy-duty metal gears provide long-lasting durability
- Foot-operated side deflector keeps material out of unwanted areas

Weight (lbs.)	<b>35 (15.9 kg)</b>
Tire Size (in.)	<b>13</b>
Hopper Capacity (lbs.)	<b>85 (38.5 kg)</b>
Frame	<b>Powder-coated Steel</b>

## RB-85S BROADCAST SPREADER

The RB-85S features 13 in. diameter tires and a stainless steel frame that stands up to any sort of weather and use condition to support an oversized 85 lb.-capacity hopper. A heavy-duty agitator breaks up clumps.

- Includes hopper grate and cover
- Large-capacity hopper holds 1.54 cu. ft. of material
- Heavy-duty metal gears provide long-lasting durability
- Foot-operated side deflector keeps material out of unwanted areas

Weight (lbs.)	<b>37 (16.8 kg)</b>
Tire Size (in.)	<b>13</b>
Hopper Capacity (lbs.)	<b>85 (38.5 kg)</b>
Frame	<b>Powder-coated Steel</b>

## RB-85W ROCK SALT SPREADER

The ECHO RB-85W Broadcast Spreader is a winter model for spreading salt, featuring a stainless-steel frame, salt-specific hopper and agitator, along with a 4-sided deflector.

- Includes hopper grate and cover
- Large 1.5 cu. ft. hopper holds up to 85 lbs. of material
- Spiked stage agitator allows large material to flow freely
- Adjustable deflectors create spread pattern from 2' - 8'

Weight (lbs.)	<b>38.5 (17.5 kg)</b>
Tire Size (in.)	<b>13</b>
Hopper Capacity (lbs.)	<b>85 (38.5 kg)</b>
Frame	<b>Powder-coated Steel</b>

# PRESSURE WASHERS

Whether you're a professional wanting to quickly clean dirty equipment, or add to your available services, or a homeowner looking to clean your deck or siding, ECHO's line of pressure washers will satisfy a wide range of needs. Make clean up fast, easy and fun to do and see immediate results watching dirt and grime get flushed away. Each model is designed to be durable and cost-effective while providing maximum productivity and convenience.

## PWE-1800 PRESSURE WASHER

For PWE-1800 only.

With variable cleaning force up to 1,800 PSI, the PWE-1800 provides the versatility to clean decks, sidewalks, driveways, windows, bricks, siding, car wheels and more.

- Uses 80% less water than a standard garden hose
- High quality electric motor for extended use
- Integrated hose wheel for hose storage
- Variable pressure spray & turbo nozzles to handle a variety of needs

Power Type	13 AMP Electric
Max. PSI	1,800
Weight (lbs.)	30 (13.6 kg)
Max. Gallons Per Min.	1.3 (4.9 L/Min)
Pump	Axial Cam
Hose Length (ft.)	20

## PW-3100 PRESSURE WASHER

Delivering up to 3,100 PSI of cleaning power to effortlessly remove years of stubborn buildup. It's ideal for rejuvenating decks, patios, sidewalks and driveways and cleaning the exteriors of homes and automobiles.

- Easy start axial cam pump system
- 4-stroke engine provides quiet operation
- Two-stage air filtration dramatically increases cleaning capability and allows for longer maintenance intervals
- Reversible handle for easy storage

Engine (cc)	212
Max. PSI	3,100
Weight (lbs.)	80 (36 kg)
Max. Gallons Per Min.	2.5 (9.5 L/Min)
Pump	Axial Cam
Hose Length (ft.)	25
Number Of Nozzles	4

## PW-4200 PRESSURE WASHER

The PW-4200 pressure washer delivers up to 4,200 PSI to power through the toughest jobs. Whether removing stubborn deposits from work tools and equipment or erasing years of buildup from decks or brick siding, the PW-4200 is up to the task.

- AR Triplex pump provides maximum strength and greater durability
- Honda® GX390 engine for ultimate durability
- Pro-style wand with auxiliary handle
- Heavy-duty hose withstands the elements
- Reversible handle for easy storage

Engine (cc)	212
Max. PSI	4,200
Weight (lbs.)	145 (65.8 kg)
Max. Gallons Per Min.	4 (15.1 L/Min)
Pump	Triplex
Hose Length (ft.)	50
Number Of Nozzles	4

## WHEELED TRIMMERS

When dealing with trimming larger areas where a traditional lawn mower is not an option, ECHO's wheeled trimmers can handle the job. They have the power to cut through dense grass and weeds with 5x the power of a handheld trimmer, and their maneuverability make them a great solution in places a mower just can't go - along raised flowerbeds, retaining walls, fences and trees. Each trimmer is equipped with .155 in. diameter ECHO Cross-Fire® trimmer line so it will make quick work of even the thickest grass and weeds.

### WT-1610 WHEELED TRIMMER

When the job calls for heavy trims along fences, rocks, retaining walls and other obstacles, the WT-1610 wheeled trimmer features a 24 in. cutting swath and is able to pivot up to 7.5° to deliver confident cuts that extend beyond the wheel base.

- Easy-start Briggs & Stratton® OHV engine
- Large 16 in. wheels for easy maneuverability
- Folding ergonomic handle design
- Removable nose piece for easy belt inspection

Engine (cc)	163
Weight (lbs.)	78 (35.4 kg)
Fuel Capacity (fl. oz.)	25 (739 ml)
Trimmer Type	Walk behind/push
Cutting Swath (in.)	24
Standard Line Dia. (in.)	.155

### WT-1610T WHEELED TRIMMER

The WT-1610T tilt wheeled trimmer meets the needs of tough jobsites. With two adjustable cutting heights and three adjustable tilt settings from 5° to 13°, it can plow through an overgrown lot one minute, then carefully shape around trees and fences the next.

- Easy-start Briggs & Stratton® OHV engine
- Large 16 in. wheels for easy maneuverability
- Folding ergonomic handle design
- Tilt-n-trim feature allows the operator to efficiently cut hard to reach areas as well as around and under obstructions

Engine (cc)	160
Weight (lbs.)	84 (38.1 kg)
Fuel Capacity (fl. oz.)	25 (739 ml)
Trimmer Type	Walk behind/push
Cutting Swath (in.)	24
Standard Line Dia. (in.)	.155

### WT-1610SP WHEELED TRIMMER

With 5x the power of a handheld trimmer, the self-propelled WT-1610SP wheeled trimmer bullies any brush that stands in its way. Featuring 16 in. wheels, a 24 in. cutting swath and three variable speeds up to 2 MPH, it makes light work of thick, overgrown lots.

- Easy-start Briggs & Stratton® OHV engine
- Large 16 in. wheels for easy maneuverability
- Folding ergonomic handle design
- Self-propelled feature allows for easier maneuverability over rough terrain

Engine (cc)	163
Weight (lbs.)	97 (44 kg)
Fuel Capacity (fl. oz.)	25 (739 ml)
Trimmer Type	3 speed self-propelled
Cutting Swath (in.)	24
Standard Line Dia. (in.)	.155

# WHEELED TRIMMER ACCESSORIES

# FIRE PUMP

Be prepared for an emergency with ECHO's FP-2126 fire pump. This property-saver uses an existing water source, like a swimming pool or a pond, and can pump water where it's needed. The oversized 5-spoke wheels allow easy movement across uneven terrain. The durable tube steel frame provides the pump and engine with maximum protection and safe operation.

## FP-2126 FIRE PUMP

With a reliable engine and portable power able to reach a second story, the FP-2126 fire pump helps control fires until firefighters arrive. It diverts water from nearby streams, ponds, pools or shallow wells to buy valuable time when a fire breaks out in buildings, brush or wooded areas.

- Complete firefighting kit with easy to transport cart
- Honda® GX200 engine
- 2 in. high-pressure water pump
- Includes 12 ft. suction hose and 50ft. discharge hose

Engine (cc)	196
Weight (lbs.)	130 (59 kg)
Fuel Capacity (fl. oz.)	104 (3.1 L)
Max. Pressure (PSI)	85
Max Flow (GPM)	126 (477L/min)
Max. Suction Lift (ft.)	26

# CHIPPER/SHREDDERS

A chipper/shredder is an extremely useful machine for reducing yard debris, like downed limbs or fallen leaves, into beneficial mulch. Two reversible chipping blades and eight reversible shredding knives quickly pulverize your yard debris into 3/4 in. pieces with the medium debris screen in place. Commercial landscapers can add chipping and shredding services to their customers for added value, while homeowners can save time and money by reusing the mulch to hold back weed growth and retain water around shrubs or flowers or to protect perennial plants over the winter.

## SC-2013 CHIPPER/SHREDDER

The SC-2013 is a user-friendly chipper/shredder, capable of reducing debris and tree branches from up to 3in.-thick down to 3/4 in. pieces that are perfect for refreshing the landscaping. Available with four heavy-duty screens to choose your chip size.

- Easy-start Briggs & Stratton® OHV engine
- Flat-free tires for easy transportation
- Reversible, heat-treated chipping and shredding blades
- Includes coarse debris screen. Other discharge screens available

Engine (cc)	208
Weight (lbs.)	195 (88.5 kg)
Fuel Capacity (fl. oz.)	100 (3L)
Chipper Capacity (in.)	3
Shredder Capacity (in.)	3/4
Shredder Blades	8

## SC-3013 CHIPPER/SHREDDER

The SC-3013 chipper/shredder is loaded with professional power and user-friendly features to plow through tough jobs quickly. With four heavy-duty screens available, it takes debris and tree branches up to 3in.-thick and reduces it to pieces as small as 3/4 in.

- Easy-start Briggs & Stratton® OHV engine
- Flat-free tires for easy transportation
- Reversible, heat-treated chipping and shredding blades
- Includes coarse debris screen. Other discharge screens available

Engine (cc)	306
Weight (lbs.)	228 (103.4 kg)
Fuel Capacity (fl. oz.)	100 (3L)
Chipper Capacity (in.)	3
Shredder Capacity (in.)	3/4
Shredder Blades	12

## SC-4213 CHIPPER/SHREDDER

The professionally powerful SC-4213 eats debris and tree branches up to 3in.-thick and spits out 3/4 in. chips that can be easily hauled away or used to refresh the landscaping.

- Easy-start Briggs & Stratton® OHV engine
- Flat-free tires for easy transportation
- Reversible, heat-treated chipping and shredding blades
- Includes coarse debris screen. Other discharge screens available

Engine (cc)	420
Weight (lbs.)	263 (119.2 kg)

# SPRAYERS

ECHO Sprayers, available in both handheld and backpack styles, are lightweight and easy to use. The entire backpack sprayer lineup features lightweight tanks with UV inhibitors, ergonomic pump handles, 21 in. wands with a variety of nozzles and pumps with chemically resistant seals, in-wand filtration systems and fold-away handles for easy storage.

## MS-2310H 2-GALLON SPRAYER

The MS-2310H offers a convenient, lightweight design with a wide mouth opening for easy filling and cleaning. With a high-capacity, professional-grade pump, and fiberglass wand it's ideal for cleaning, sanitizing, and applying harsh chemicals for either indoor or outdoor applications.

- 2-gallon tank with wide mouth opening for easy filling and cleaning
- High-capacity, professional-grade pump
- Professional-grade 21 in. fiberglass wand
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank Capacity (gal.)	2 (7.6 L)
Weight (lbs.)	5 (2.3 kg)
Pressure Rating (PSI)	45
Tank Opening (in.)	4.5

## MS-4010BP 4-GALLON BACKPACK SPRAYER

The MS-4010BP has a piston style pump that makes pressurization fast and easy, reducing user fatigue. It features a 4-gallon professional-grade tank and a 50-in. heavy-duty, nylon-reinforced hose, making it ideal for use in either turf or agricultural applications.

- 4-gallon tank with wide mouth opening for easy filling and cleaning
- 50 in. heavy-duty, nylon-reinforced hose
- Professional-grade 21 in. fiberglass wand with 50 in. nylon-reinforced hose
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank Capacity (gal.)	4 (15.1 L)
Weight (lbs.)	9.5 (4.3 kg)
Pressure Rating (PSI)	90
Tank Opening (in.)	5.5

## MS-4010BPD 4-GALLON BACKPACK DIAPHRAGM SPRAYER

The ECHO MS-4010BPD 4-gallon Backpack Manual Sprayer features a diaphragm pump that can be used with liquids and many wettable powders. Its premium quality, professional-grade, heavy-duty design is built to withstand the most demanding work conditions.

- 4-gallon tank with wide mouth opening for easy filling and cleaning
- Professional-grade 21 in. fiberglass wand
- 50 in. heavy-duty, nylon-reinforced hose
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank Capacity (gal.)	4 (15.1 L)
Weight (lbs.)	11 (5kg)
Pressure Rating (PSI)	90
Tank Opening (in.)	5.5

## MS-5010BP 5-GALLON BACKPACK SPRAYER

The ECHO MS-5010BP is a premium quality, professional-grade, heavy-duty Backpack Manual Sprayer. Built for heavy day-to-day use, it provides a large capacity 5-gallon tank for extended operations, and can either be used for turf or agricultural applications to spray herbicides, fertilizers, and more.

- 5-gallon tank with wide mouth opening for easy filling and cleaning
- Heavy-duty padded straps with waist belt
- Professional-grade 21 in. fiberglass wand with 50 in. nylon-reinforced hose
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank Capacity (gal.)	5 (19L)
Weight (lbs.)	13.1 (5.9 kg)
Pressure Rating (PSI)	90
Tank Opening (in.)	5.5

# GENERATORS/ INVERTERS

ECHO's range of generators and inverter/generators provide the ultimate combination of technology and output to deliver power with peace of mind, when and where you need it. Each model is packed with convenient features that help provide quiet, easy-to-use power. Whether you're tailgating, RVing, powering household appliances during an outage, or providing power to a job where access to electricity is limited, you can count on ECHO's portable power generation solutions to keep you up and running.

## EGi-1200 INVERTER/GENERATOR

The EGi-1200 generator/inverter is made to provide power on the go. Its lightweight design and quiet, efficient operation make it an ideal choice for recreational power, like at campsites, tailgates or wherever else you need to energize the outdoors.

- Ultra-quiet operation compared to conventional generators
- Auto-idle fuel-saving technology
- Computer controlled power output to safely charge electronics
- Parallel capable

Engine (cc)	60
Max. Wattage (W)	1,200
Weight (lbs.)	30 (13.6 kg)
Max. Amp (A)	9
USB Ports	2
Fuel Capacity (gal.)	0.69 (20ml)
Run Time	5.2 hours @ 50% Load

## EG-3500 CONVENTIONAL/GENERATOR

The EG-3500 generator combines professional features with user-friendly accessibility to power a wide range of needs. Whether you need power on the campsite, the jobsite or backup power for minor home emergencies, it simply gets the job done.

- Automatic voltage regulator to maintain constant voltage & power
- Covered outlets protect unit while storing
- Includes fuel gauge and low oil shut down
- Circuit breaker protection

Engine (cc)	212
Max. Wattage (W)	3,500
Weight (lbs.)	110 (49.9 kg)
Max. Amp (A)	29
Fuel Capacity (gal.)	4
Run Time	10 hours @ 50% Load

## EGi-3600LN INVERTER/GENERATOR

This low-noise generator/inverter produces ample power without the hassles associated with some generators. With ultra-quiet operation, push-button electric starts, and auto-idle fuel efficiency, it's an ideal solution for emergency home power or portable off-grid power.

- Easy electric start with recoil back up
- Auto-idle fuel-saving technology
- LED control panel displays fuel level and power usage
- Parallel capable

Engine (cc)	212
Max. Wattage (W)	3,600
Weight (lbs.)	107 (48.5 kg)
Max. Amp (A)	30
USB Ports	2
Fuel Capacity (gal.)	2.2 (65 ml)
Run Time	8.5 hours @ 50% Load

# GENERATOR ACCESSORIES

## DC Charge Cables

Designed to charge 12-volt DC batteries for automotive and recreational vehicles.

**Part#: 99988804000 - EGi-1200, EGi-3600LN**

## Parallel Kit

Combine the power output of (2) inverter generators.

## EG-10000

### CONVENTIONAL/GENERATOR

The EG-10000 generator runs quietly and is capable of efficiently producing 10,000 watts, enough to power large loads like jobsites, multiple home appliances and food trucks. An automatic voltage regulator also maintains constant power.

- Automatic voltage regulator to maintain constant voltage & power
- Easy electric start with recoil back up
- Digital multimeter for easy access to critical information
- Includes fuel gauge and low oil shut down

Engine (cc)	420
Max. Wattage (W)	10,000
Weight (lbs.)	212 (96.2 kg)
Max. Amp (A)	33
Fuel Capacity (gal.)	6.6

## EDR-260 ENGINE DRILL

With high-torque performance, easy starting, ergonomic features and any-angle operation, the professional-grade EDR-260 engine drill is built for all-day productivity. It performs how you need, where you need, as long as you need.

- All-position diaphragm carburetor, with purge pump, allows operation at any angle
- Heavy-duty high-torque gear case for maximum drilling performance
- Convenient reverse function
- Heavy-duty keyed chuck holds up to 1/2 in. drill shank

Engine (cc)	25.4
Weight (lbs.)	10.7 (4.9 kg)
Fuel Capacity (fl. oz.)	14 (414 ml)
RPM	0-650 Forward/Reverse
Torque (lbs. ft.)	12
Gear Reduction Ratio	17:1
Chuck Dia. (in.)	1/2 Std

## EA-410 EARTH/ICE AUGER

The high-torque EA-410 earth/ice auger powers through tough jobs like compacted dirt, clay, frozen earth and ice in seconds. With easy starts, a heavy-duty construction and reduced vibration, it is made to last.

- Designed for a wide variety of auger diameters and lengths
- Heavy-duty handle and frame allows for single or two-person operation
- Designed for either 1- or 2-person operation
- High-torque gear case for superior performance

Engine (cc)	42.7
Weight (lbs.)	21.6 (9.8 kg)
Fuel Capacity (fl. oz.)	33.8 (1 L)
RPM	348
Torque (lbs. ft.)	48.9
Gear Reduction Ratio	30.2:1

## TC-210 TILLER/CULTIVATOR

Turn tough dirt into a welcoming bed for flowers, veggies and more. The TC-210 tiller/cultivator is compact and lightweight, but still packs the heavyweight punch you'd expect from a piece of ECHO outdoor power equipment.

- Four 9-inch-diameter, 10-tooth, reversible, hardened-steel tines
- 42:1 reduction worm gear-type transmission
- Kickstand for easy storage
- Water resistant stop switch and throttle control located at operator's fingertips

Engine (cc)	21.2
Weight (lbs.)	20 (9.1 kg)
Fuel Capacity (fl. oz.)	16.9 (500 ml)
Furrow Width (in.)	9
Number of Tines	9

# HAND TOOLS

ECHO's hand tools are the perfect complement for any yard task. Their ergonomic design will make pruning, lopping, or chopping a breeze. Quality materials like high-carbon steel or stainless steel blades and low-moisture, end-grain hickory wood handles ensure you're getting a professional-grade tool.

Limited  
Lifetime  
Warranty

## HP-42 PRECISION HAND SNIPS

The HP-42 precision hand snips feature a durable, ergonomic design for performing essential pruning on plants, herbs and flowers.

- Double-beveled tapered tips for fine pruning
- Stainless steel blades resist corrosion
- Heavy-duty spring reduces hand fatigue
- Easy-to-close blade locking clasp for right- or left-handed use

Cutting Capacity (in.)	Up to 1/2
Blade Type	Stainless Steel
Handle Grip	Non-slip Rubber Grip

## HP-44 BYPASS PRUNER

The HP-44 bypass pruners feature an adjustable grip to match the hand size of the user and ensure comfortable cutting all day long.

- High carbon steel for superior blade durability
- Lightweight shock-absorbing handles with rubber overmolded grip
- Low friction, coated blades

Cutting Capacity (in.)	Up to 1
Blade Type	High Carbon Steel
Handle Grip	Rubber Overmold

## HP-43 BYPASS PRUNER

The HP-43 bypass pruners incorporate gear-driven technology to multiply cutting force by 3x over conventional pruners.

- Double-beveled tapered tips for fine pruning
- Stainless steel blades resist corrosion
- Heavy-duty spring reduces hand fatigue
- Low-friction, coated blades

Cutting Capacity (in.)	Up to 5/8
Blade Type	High Carbon Steel
Handle Grip	Rubber Overmold

## HP-62 PRO BYPASS PRUNER

Pro Series bypass pruners feature contoured handles to better match the shape of the user's hand, providing the comfort and cutting performance needed for all-day jobs.

- High carbon steel for superior blade durability
- Lightweight shock-absorbing handles with rubber overmolded grip
- Low friction, coated blades

Cutting Capacity (in.)	Up to 1
Blade Type	High Carbon Steel
Handle Grip	Ergonomic

## HA-2710 ANVIL LOPPER

Levered gear technology triples the cutting power compared to standard loppers, while coated blades reduce friction for smooth cuts and maximum productivity.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

Cutting Capacity (in.)	2.25
Blade Type	High Carbon Content
Blade Length (in.)	3.5
Overall Length (in.)	32.5

## HA-2720 BYPASS LOPPER

Lightweight construction and a levered gear that requires 3x less effort than standard loppers, the HA-2720 powers through tough jobs and long days with ease.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

Cutting Capacity (in.)	2.25
Blade Type	High Carbon Content
Blade Length (in.)	3.5
Overall Length (in.)	32.5

## HA-2910

### HEDGE SHEAR

With a wave blade design and geared lever technology that reduces effort when powering through thick cuts, the HA-2910 is a reliable hand tool that delivers powerful results.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

Cutting Capacity (in.)	375
Blade Type	High Carbon Content
Blade Length (in.)	9
Overall Length (in.)	26

## HA-1142

### HATCHET

The HA-1142 hatchet is designed with user-friendly features and a sharp, durable blade to ensure quality cuts without added effort.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

Weight (lbs.)	2 (0.9 kg)
Blade Type	High Carbon Content
Handle Length (in.)	14
Handle Material	Low-moisture Hickory

## HA-1363

### FELLING AXE

The HA-1363 felling axe perfectly balances a 3.5 lb. factory-sharpened steel blade with an ergonomic 36 in. hickory handle to deliver deep, smooth cuts with reduced binding.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

Weight (lbs.)	3.5 (1.6 kg)
Blade Type	High Carbon Content
Handle Length (in.)	36
Handle Material	Low-moisture Hickory

## HA-1005

### SPLITTING WEDGE

The 5-lb. HA-1005 splitting wedge helps to split large pieces of wood faster than a maul alone. Fully sharpened with a tapered cutting edge, it stacks productivity while reducing extra effort.

- Sharpened and ready for use
- Tapered cutting edge for efficient splitting
- Striking face is intended for driving splitting wedge
- 60 degree bevel head maximizes force and splitting capability

Weight (lbs.)	5 (2.3 kg)
---------------	------------

## HA-1282

### LIMBING AXE

The HA-1282 limbing axe features a 2.25 lb. tempered cutting edge on the business end of an ergonomic 28 in. hickory handle.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

Weight (lbs.)	2.25 (1 kg)
Blade Type	High Carbon Content
Handle Length (in.)	28
Handle Material	Low-moisture Hickory

## HA-1366

### SPLITTING MAUL

The HA-1366 splitting maul turns tough logs into valuable firewood without added effort. The 6 lb. blade features a tempered, factory-sharpened cutting edge, and the low-moisture, mechanically bonded 36 in. hickory handle reliably delivers stacks season after season.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

Weight (lbs.)	6 (2.7 kg)
Blade Type	High Carbon Content
Handle Length (in.)	36
Handle Material	Low-moisture Hickory

## ACCESSORIES

### Landscape Gloves

Flexible nylon with form-fitting fingers and hook and loop wrist closure for a secure fit.

**Part #:** 103942194 (M)

**Part #:** 103942196 (L)

**Part #:** 103942197 (XL)

### Vibration-reducing Landscape Gloves

Premium, padded leather palm to reduce vibration, form-fitting fingers, and hook and loop wrist closure for a secure fit.

**Part #:** 103942195 (M)

**Part #:** 103942198 (L)

**Part #:** 103942199 (XL)

### Heavy-duty Work Gloves

Features leather palms and fingers to offer durability and protection against most elements and sharp objects. One size fits most.

**Part #:** 103942074

### Red Armor® Blade Cleaner And Lubricant

Get rid of what's collected along your blade. Our exclusive formula reduces friction, prevents corrosion, and promotes post-trimming plant health.

**Part#:** 4550012 - 12 fl. oz. (355 ml) bottle

# RED ARMOR®

Red Armor® is first and foremost about the user. Users who buy ECHO need to be rewarded with what they need most: Performance. The Red Armor family is designed exclusively for ECHO to deliver the ultimate performance for your outdoor power equipment. These best-in-class solutions offer a wide array of outdoor applications and continue to expand.

## Red Armor® Oil

ECHO Red Armor Oil is a premium 2-stroke semi-synthetic engine oil formulated with powerful detergents and antioxidants to clean existing deposits, protect against future carbon build-up and promote longer engine life. With unique fuel stabilizers blended in, fuel stays fresh up to 2 years in a properly sealed container. JASO FD registered and ISO-L-EGD compliant. Red Armor cleans and protects to ensure optimum engine performance, and prolonged engine life.

<b>Part #:</b> 6550001	2.6 fl. oz. (77 ml)	(8) 6 pks.	1 gallon mix (22.7 L)
<b>Part #:</b> 6550025	6.4 fl. oz. (189 ml)	(8) 6 pks.	2.5 gallon mix (9.5 L)
<b>Part #:</b> 6550005	12.8 fl. oz. (379 ml)	12 per case	5 gallon mix (19 L)
<b>Part #:</b> 6550050	1 gallon (3.8 L)	4 per case	50 gallon mix (189 L)
<b>Part #:</b> 6550250	5 gallons (19 L)	1 pail	250 gallon mix (946 L)

## Red Armor® 4-Stroke Oil

Red Armor full-synthetic 4-stroke oil is designed to provide maximum protection under all operating conditions. SAE 5W-30. Meets API Service SP, SN Plus standards.

<b>Part #:</b> 6554032	32 fl. oz. (946 ml) bottle (12 per case)
------------------------	--

## Red Armor® Fuel Treatment

Keep fuel fresh for up to two years with our unique fuel treatment. With a blend of antioxidants, detergents and an alcohol-free formula, our Red Armor Fuel Treatment works with both 2-stroke and 4-stroke engines for day-to-day use or extended storage.

<b>Part #:</b> 7550001	1 fl. oz. (30 ml) 24 piece sample pack (treats 2.5 gallons)
<b>Part #:</b> 7550012	12 fl. oz. (355 ml) bottle (6 per case)

## Red Armor® Blade Cleaner and Lubricant

Quickly boost cutting performance by getting rid of what's collected along your blades. Our exclusive formula reduces friction, prevents corrosion, and promotes post-trimming plant health.

<b>Part #:</b> 4550012	12 fl. oz. (379 fl) bottle (6 per case)
------------------------	---

38 HOURS 72% BLOCKAGE

ENGINE FAILURE

75 HOURS 1% BLOCKAGE

KEEPS ENGINE CLEANER LONGER

## Red Armor® Lubricant

This lithium-based grease is water-resistant and seals out moisture, giving you long-lasting protection. It is ideal for gear cases, spindles, cables, and ball bearings.

<b>Part #:</b> 94008	8 fl. oz. tube (237 ml) (48 per case)
<b>Part #:</b> 94014	14 fl. oz. (414 ml) cartridge (36 per case)
<b>Part #:</b> 91016	Grease gun for 8 fl. oz. (237 ml) tube

## Red Armor® Hand Scrub

Dirt-powered, water-activated, and free of harsh chemicals. Easily scrub away grease and grime!

<b>Part #:</b> 3550000	0.2 fl. oz. (6 ml) (50 piece sample pack)
<b>Part #:</b> 3550002	2.5 fl. oz. (74 ml) tube (20 per case)
<b>Part #:</b> 3550008	8 fl. oz. (237 ml) tube (12 per case)
<b>Part #:</b> 3550064	64 fl. oz. (1.9 L) pump bottle (2 per case)

# POWER BLEND<sup>®</sup> GOLD<sup>™</sup>

## 2-STROKE OIL

Maintain fuel quality and enhance engine performance with our PowerBlend<sup>®</sup> Gold Oil.

- For 2-stroke engines
- Semi-synthetic blend with fuel stabilizers
- Low-smoke emissions formula
- JASO FD registered and ISO-L-EGD compliant

<b>Part #:</b> 6450000G	2.6 fl. oz. (78 ml) tray	48 loose	1 gallon mix (3.8 L)
<b>Part #:</b> 6450001G	2.6 fl. oz. (78 ml)	(8) 6 pks.	1 gallon mix (3.8 L)
<b>Part #:</b> 6450002G	5.2 fl. oz. (154 ml)	(8) 6 pks.	2 gallon mix (7.6 L)
<b>Part #:</b> 6450025G	6.4 fl. oz. (189 ml)	(8) 6 pks.	2.5 gallon mix (9.5 L)
<b>Part #:</b> 6450005G	12.8 fl. oz. (379 ml)	12 per case	5 gallon mix (19 L)
<b>Part #:</b> 6450006G	16 fl. oz. (473 ml)	12 per case	6 gallon mix (22.7 L)
<b>Part #:</b> 6450050G	1 gallon (3.8 L)	4 per case	50 gallon mix (189 L)
<b>Part #:</b> 6450250G	5 gallons (19 L)	1 pail	250 gallon mix (946 L)
<b>Part #:</b> 6452750G	55 gallons (2)	1 drum	2,750 gallon mix (10,410 L)

## Bar and Chain Oil

Reduce frictional heating with this unique blend of lubricants and detergents, all while lessening resin buildup and promoting chip and dust removal.

- Anti-wear additive
- Tackifiers for lubrication
- 2-year shelf life when properly stored
- Meets OECD 301 specifications

<b>Part #:</b> 99988800083	1 quart (946 ml)	12 per case
<b>Part #:</b> 6459007W	1 gallon (3.8 L)	4 per case

## Oil Pail Dispensing Pump

<b>Part #:</b> 99909-0010	For 5 gallon (19 L) pail
---------------------------	--------------------------

By staying on top of recommended maintenance schedules, you not only prolong the life of your ECHO equipment but also save time and money by reducing large scale repairs often incurred by not properly maintaining equipment.

### Tune-Up kit

One convenient kit with all the necessary parts to keep your ECHO equipment running at peak performance.

- Air Filter
- Fuel Pre-Filter
- Spark Plug

### Air Filter Kit

Fits select ECHO models.

- Air Filter
- Lid Cleaner
- Lid Fastener

### Fuel System Kit

One kit with all the necessary fuel components to keep your ECHO engine running smoothly.

- Fuel Filter
- Fuel Lines
- Grommet
- Fuel Gasket
- Purge Bulb

## PERSONAL PROTECTION EQUIPMENT

### Landscape Gloves

Flexible nylon with form-fitting fingers and hook and loop wrist closure for secure fit.

**Part #:** 103942194 (M)

**Part #:** 103942196 (L)

**Part #:** 103942197 (XL)

### Vibration-reducing Landscape Gloves

Premium, padded leather palm to reduce vibration, form-fitting fingers, and hook and loop wrist closure for secure fit.

**Part #:** 103942195 (M)

**Part #:** 103942198 (L)

**Part #:** 103942199 (XL)

### Heavy-duty Work Gloves

Features leather palms and fingers to offer durability and protection against most elements and sharp objects. One size fits most.

**Part #:** 103942074

### Hearing Protection

Helps reduce potentially harmful noise emissions from damaging hearing. NRR 29 dB(A) rating. Meets ANSI S3.19 standards.

**Part #:** 99988801520

### Premium Brushcutter Harness

Features 4-point suspension system enabling easier handling and reduces weight-bearing. Padded shoulder straps for comfort with quick-release pin for safety. Max waist size: 40 in.

**Part #:** 99944200202

### Shin Guards

Lightweight with padded shins and hook and loop straps for easy on/off access. Water resistant. Fits up to 23 in. calf circumference. Dimensions: 18 in. H x 9 in. W

**Part #:** 103942180

### Earplugs with Case

ANSI and OSHA approved. Carrying case keeps earplugs clean and ready to go. NRR 23 dB(A) rating.

**Part #:** 103942210

### Brushcutter System

Includes steel mesh face visor and earmuffs offering excellent face and ear protection while trimming or brushcutting. NRR 24 dB(A) rating.

**Part #:** 99988801510

### Equipment Bag

Carryall solution for work gear and/or extra accessories to keep everything in one place. Dimensions: 24 in. L x 12 in. H x 11 in. W

**Part #:** 103942145

### Shoulder Straps

A shoulder strap helps to support the weight of a trimmer or brushcutter. Fits up to 46 in. waist. Cross-body fit: 52 in.

**Part #:** 99944200200 (SRM Models)

**\*Use SRM strap for GT-225L**

**Part #:** 99944200201 (GT Models)

## THE MOST POWERFUL FLEET PROGRAM DEDICATED TO LANDSCAPERS

### BECOME A FLEET MEMBER AND SAVE

ECHO's Landscaper Fleet Program has multiple money saving options to fit any need. Get 10%, 15% or 20% savings when you purchase select ECHO and Shindaiwa products and accessories.

**-TIER 1-  
10%  
DISCOUNT**

**ON ANY ECHO OR SHINDAIWA PRODUCTS\***

Must be a minimum purchase of \$1,500 at MSRP

This is a 1-time only discount with  
a minimum purchase of 2 units

Fleet discounts cannot be  
combined with any other offers
