

Aimee Brenna

Aimee is a nurse practitioner working in the Timely Access Patient Support (TAPS) clinic in the radiation oncology department at the Cape Breton Cancer Center. She graduated from the CBU BScN program in 2010. As a registered nurse she worked in general surgery and palliative care. She went on to complete the Masters of Nursing Nurse Practitioner Program and Dalhousie in 2016. After graduating she worked as an NP with the Palliative Care Service at the Cape Breton Regional Hospital. In 2022, she began working in her current role in the TAPS clinic.
