

## **Dr. Sameh Hassan**

Dr. Sameh Hassan is an Assistant Professor of Psychiatry at Dalhousie University. He graduated from Egypt, where he began his residency training, before moving to England to complete his higher specialist training. Fifteen years ago, Dr. Hassan relocated to Nova Scotia, where he developed a keen interest in neuromodulation, specifically in Electroconvulsive Therapy (ECT) and Repetitive Transcranial Magnetic Stimulation (rTMS). He is one of the co-founders of Atlantic Neuromodulation Solutions and Rehab (ANSR), alongside three other psychiatrists.
