

Duana d'Entremont

Graduated as NP in 2001 from Athabasca University, practiced in PHC in Labrador, PEI & various locations across NSH until 2013 when I specialized in nephrology in Yarmouth for 6 years. Returned to PHC in 2019 in WZ, then NZ until accepting first Provincial Professional Practice Leader of NPs, Feb 2022. Happily joined by additional PPL-NPs- Breanna Lloy as FT, Melanie Dunlop as 0.5, Sohani Welcher as 0.3, and joined by 2 NP Clinical Educators Marge Ancliffe & Tracy Brown. November 2023 became Director, NP Enhancement Strategies, and learned new ways of feeling her heart fly in feeling so proud of every NP across NSH, and privileged to be part of their journeys.
