

Cape Forchu Lighthouse, Yarmouth
Note viewing platform on old fog horn building

Baccaro Point Lighthouse, Barrington
Note radar installation in background

Our Society is very busy this week delivering our 2025 NS Lighthouse site maps to Visitor Information Centres and NS lighthouses that open to the public. While these printed maps are super popular, we are limited by our budget in the number we can distribute each year as the provincial and federal governments' Green Initiatives mean no more help funding paper maps. Yes our map is online but VICs report that people bring home the printed version to show family and friends. In turn NS lighthouses get more visitors! You can support us and NS lighthouses in this initiative by making a donation via [Canada Helps](#) or an e-transfer to member.info@nslps.com. Better still become a NSLPS member! Income tax receipts will be issued as we are a CRA registered charity— see [Join NSLPS](#) for details. BTW what made driving 2,000km worthwhile? The lighthouses we saw on our travels and here they are!

Western Head Lighthouse, Liverpool
Fog horn works but tower needs a new coat of paint

Kidston Island Lighthouse, Baddeck
A seasonal light on the Bras d'Or Lakes, Cape Breton
