

How to un-Junk NSLPS emails in OUTLOOK

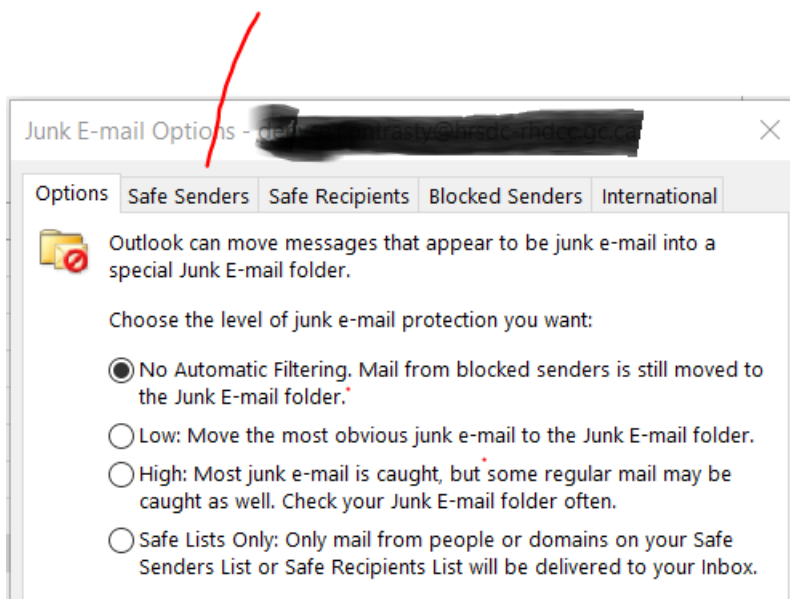

Go to the Home Tab and click on Junk:

You will get a dropdown list that includes the command, "Junk Email Options":

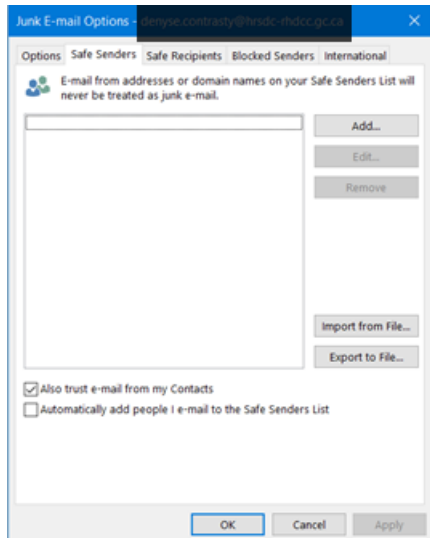

Click on this option and a pop up window will appear. Select the Safe Senders tab:

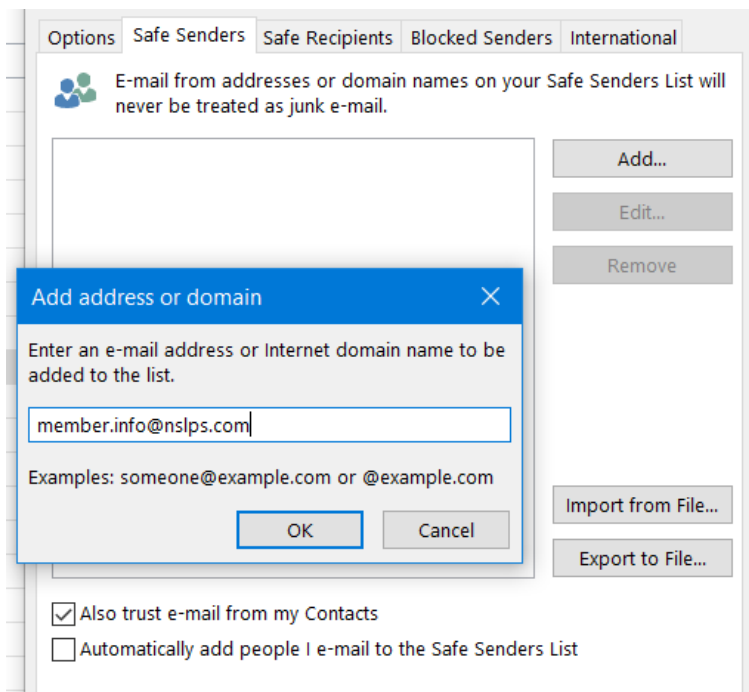

How to un-Junk NSLPS emails in OUTLOOK

and click on Add:

In the new pop up, type member.info@nslps.com and click OK:

How to un-Junk NSLPS emails in OUTLOOK

Note member.info@nslps.com is now added to Safe Senders. You can also check the box for “Automatically add people I email to the Safe Senders list” and anyone who replies to your emails will always go to the Inbox:
