PRESIDENT'S MESSAGE:

There is a real sense of possibility as we begin another school year. Our strength comes from the dedication of our members and from what we can accomplish when we work together. This year, let's build on our successes, support one another, and continue to advocate with a strong, united voice for the schools and students we care so deeply

about.

Wishing everyone a great week ahead and a positive start to the new school year. I look forward to all that we will accomplish together.

Labour Day 2026

Labour Day serves as a reminder that none of us stands alone.

Yesterday, NSTU members came together with fellow workers and union members to recognize the power of standing together in the fight for respect, fair working conditions, and strong public services.

Our work matters, our voices matter, and when we use them in solidarity we are all stronger.

Thank you to @halifaxlabour and the Nova Scotia Federation of Labour and affiliated unions for organizing this event.

Membership Registry

Sept 8, 2026

Issue 2

Introducing the New & Improved Member Registry!!

We think you are going to like this new user experience.

NSTU reps should be updating the Membership Registry online and in real time. When an NSTU rep updates the site list, the changes are immediately made to the database ensuring the Union's membership information is current and accurate.

If the listed member is no longer at the site, click the arrow under "Employment Status" and select the reason. If the member has retired please check the "Retired" box. If you are uncertain of the reason they are no longer at the site you may select "Unknown" from the dropdown list.

If you select "New Site" from the dropdown list, another field will appear. Once you begin to type a site name into the field it will present you with options. Click on the name of the site and it will populate the field.

If a member is **MISSING** from the site:

- click on the + add member button to enter their professional number.
- The system will present you with a list of names which will narrow down to a single name once all the digits have been input.
- When you see the name to be input, select it and click the blue Add button.

If a member is **NOT** in the system (no match found):

- please ensure that the member completes a "Membership Information" form ([English/French](#)) and submit it to Central Office so that the member is put them into the system.
- Once they have been entered they will automatically appear on your site.
- **Until the member completes and submits the "Membership Information" form, that person will not be included in the membership database and; therefore, not in the Local's membership numbers.**

All changes will be saved as you make them. When satisfied that all the necessary changes have been made to the list simply select the box for "Approve & lock this list".

Registry cont...

Membership figures are pulled from the Registry on the **first Monday in December** and the **last Monday in March** each year. NSTU representatives are responsible for ensuring the accuracy of the site information within the Membership Registry. All site updates should be completed at **least one week prior to each of the above-mentioned dates** and may be completed any time prior to that point. Should you require additional information please contact NSTU Central Office by phoning (902)-477-5621, or toll free at (800) 565-6788 or by emailing webaccounts@nstu.ca

ABOUT

Each week, we'll be introducing and spotlighting our amazing Halifax County Local Members!

It's a chance to celebrate the people who make up our Local and recognize the many ways they contribute – at school, in our Local, in their communities, with their families, or simply by being themselves.

Nominate yourself or another Local Member to be featured.

We want to hear about the people who make our schools, workplaces, communities, and Local a little better – no huge accomplishment required!

See details below!

We're excited to launch this new initiative from the Halifax County Local.

Each week, we'll be introducing and spotlighting one of our amazing Local Members through our social media and weekly Check-in. It's a chance to celebrate the people who make up our Local and recognize the many ways they contribute – at school, in our Local, in their communities, with their families, or simply by being themselves.

And here's the best part: you don't need to have done anything extraordinary to be featured! Maybe you're proud of something you've accomplished recently. Maybe a colleague has gone above and beyond. Maybe someone is quietly making a difference every day. Or maybe you just think someone deserves a little recognition.

Send us a short submission via the Google Form below telling us:

- Who you're nominating.
- What makes them worth celebrating.
- Anything else you'd like us to know.

Let's get to know the people behind our Local and celebrate the amazing members who make up our NSTU community.

Nominate yourself or another Halifax County Local member today!

KNOW YOUR CONTRACT(S) - TEACHERS' PROVINCIAL AGREEMENT (TPA)

Marking and Preparation Time (Article 59)

How much time should I receive?

Every teacher will receive 15% of their scheduled instructional minutes for time to mark and prepare for classes. To calculate your marking and preparation time, first determine your school's daily number of instructional minutes. Then, multiply the daily instructional minutes by the number of days in one cycle at your school. When you have the total instructional minutes in a cycle, multiply by fifteen percent (0.15) to determine how many minutes of marking and preparation time you should be scheduled for each cycle.

For example, a 5-day cycle with 312 instructional minutes per day has 1 560 instructional minutes per cycle. When 1 560 is multiplied by .15, the result is 234 minutes of marking and preparation time required per cycle.

When can Marking and Preparation time be scheduled?

Marking and Preparation Time can only be scheduled during instructional minutes. It cannot include the 20 minutes prior to the start of the instructional day, your students' lunch break nor the twenty minutes following the end of the instructional day. Marking and preparation time must be scheduled in blocks of at least 30 minutes*. (*Itinerant teachers may have marking and preparation time scheduled in blocks shorter than 30 minutes where the employer has made all reasonable efforts but is unable to schedule it in blocks of at least 30 minutes.)

What can the employer assign me during my Marking and Preparation time?

Teachers are entitled to use their professional judgement as to what work they undertake at school during marking preparation time. The employer cannot schedule meetings or direct that any particular tasks be done during marking and preparation time.

What happens if I lose my Marking and Preparation time?

Where a substitute teacher has not been hired to replace an absent teacher, another teacher can be required to temporarily give up scheduled marking and preparation time to cover. However, the covering teacher and principal should closely keep track when this occurs. Once a teacher has covered for absent teachers for a total of 150 minutes, they can then schedule themselves, in consultation with the principal, to have a half day of marking and preparation time, above and beyond their regularly scheduled marking and preparation time. (Consultation with the principal is for operational reasons to ensure that a substitute is arranged.)

Bring a colleague. Build **our** Local.
