

Are you a Registered Nurse who works in an Emergency Department which serves pediatric populations in Nova Scotia?

Want to increase your competency in providing pediatric nursing care? This may be the course for you!

Skills, Simulation woven throughout the program and consolidated Clinical Experiences will develop your competencies.

FALL 2025

PEDIATRIC EMERGENCY NURSING PROGRAM

The Pediatric Emergency Nursing Program provides specialty education for Registered Nurses (RNs) working in pediatric emergency care settings.

This competency-based program affords learners with specific content, skills, simulation and clinical experiences at Nova Scotia pediatric emergency settings. The program supports RNs to provide evidence informed, high-quality, safe, and effective pediatric emergency care across the province of Nova Scotia.
