Immunization & Infectious Diseases Screening Form FAQs

Where do I get TB testing?
There are several places in Nova Scotia where you can obtain a 2-step TB skin test, including some pharmacies and private travel or medical clinics. Please call 211 for assistance finding a testing location near you.

Where can I get my immunization records?
Vaccination records can be found online through VaxRecordNS. To access this site, visit **yourhealthns.ca/records** or go to the 'records' section of the YourHealthNS App.

Can I send my immunization records, serology reports and/or diagnostic imaging reports directly to the RNBRP?
No. The RNBRP will only accept and review the Immunization & Infectious Diseases Screening Form. The form must be completed by a Medical Doctor, Nurse Practitioner, Registered Nurse or other qualified healthcare professional.

What if I do not have a family doctor or nurse practitioner?
VirtualCareNS provides eligible Nova Scotians with virtual access to a family doctor or nurse practitioner. For more information, about available services and how to access them, please visit: https://www.nshealth.ca/clinics-programs-and-services/virtualcarens

What if I received immunizations in another country and do not have any records?
Bring the Immunization & Infectious Diseases Screening Form to a primary healthcare provider for review. The healthcare provider can determine what additional testing, such as bloodwork, may be required and whether any immunizations need to be completed or repeated.

What if my family doctor did not complete the Immunization & Infectious Diseases Screening Form in full?
The RNBRP will not accept incomplete forms. It is the learner's responsibility to review the form before submitting it and ensure that all required sections have been completed in full by the appropriate healthcare professional. If information or documentation is missing, you will be required to return to your healthcare provider to have the form completed.

What happens if I cannot return the completed form by the due date?
Incomplete forms may prevent learners from continuing in the RNBRP until all requirements have been met. If you anticipate difficulty meeting the deadline or have questions about the requirements, please contact the RNBRP as soon as possible.
