

Boat Storage Policy – Senobe Aquatic Club (as of June 2026)

1. Storage space for private boats is limited. Priority will be given to storage of club boats, then to the storage of one boat per registered year-round paddler, then to the storage of one boat per registered seasonal paddler. Registered paddlers may store additional private boats only if space allows.
2. Storage space is available only for boats used by registered paddlers.
3. Storage space is available only for racing boats. Recreational boats are not eligible for boat storage at the club.
4. The availability of storage space for private boats will be reviewed on a yearly basis and may result in the re-allocation of space for club boats. The availability of private boat storage space is not guaranteed from year to year.
5. Paddlers storing private boats at the club will have regular access to their boats only during the hours that the Club is open.
6. Senobe assumes no responsibility for damage or loss that may occur to private boats stored at the Club. Senobe does not insure private boats. Boat-owners are strongly encouraged to discuss insurance coverage with their own insurance provider.
7. Private boats must be stored in the rack assigned to them by Senobe. Senobe reserves the right to reassign racks at any time.
8. Boat storage fees must be paid at the time of paddler registration. For year-round paddlers, boat storage fees must be paid at the time of registration for the calendar year. For seasonal paddlers, boat storage fees must be paid at the time of first registration during the calendar year.
9. Boat storage fees are established for each calendar year. Boat storage fees will not be pro-rated for paddlers commencing boat storage part-way through the calendar year. In the event that boat storage is terminated prior to the end of a calendar year, no refunds will be issued.
10. In the event that a private boat is stored at Senobe and the associated boat storage fees have not been paid as required or the boat is otherwise no longer eligible for storage space, the boat-owner will be notified and will be given 14 days to address the situation. If the situation is not addressed upon expiry of the 14 days, the boat-owner is considered to have forfeited the assigned boat storage space. Upon forfeiture of the assigned boat space, the boat-owner will be notified in writing that they have 14 days to collect the boat from the Club. If the boat is not collected from the Club at the expiry of 14 days, Senobe will transport the boat to the boat-owner's home address, if within 50 km of the Club. If for any reason a boat-owner cannot be notified in writing regarding collecting their boat from the Club or if the boat-owner does not have a home address within 50 km of the Club, Senobe may remove the boat from the Club and may treat the boat as abandoned property.
