CRAFT TIME:
Salt Dough Starfish

MATERIALS:

- 2 cups flour
- 2 cups salt
- 1 cup water
- Paint (optional)
- Rolling pin (optional)
- Star shape cookie cutter (optional)

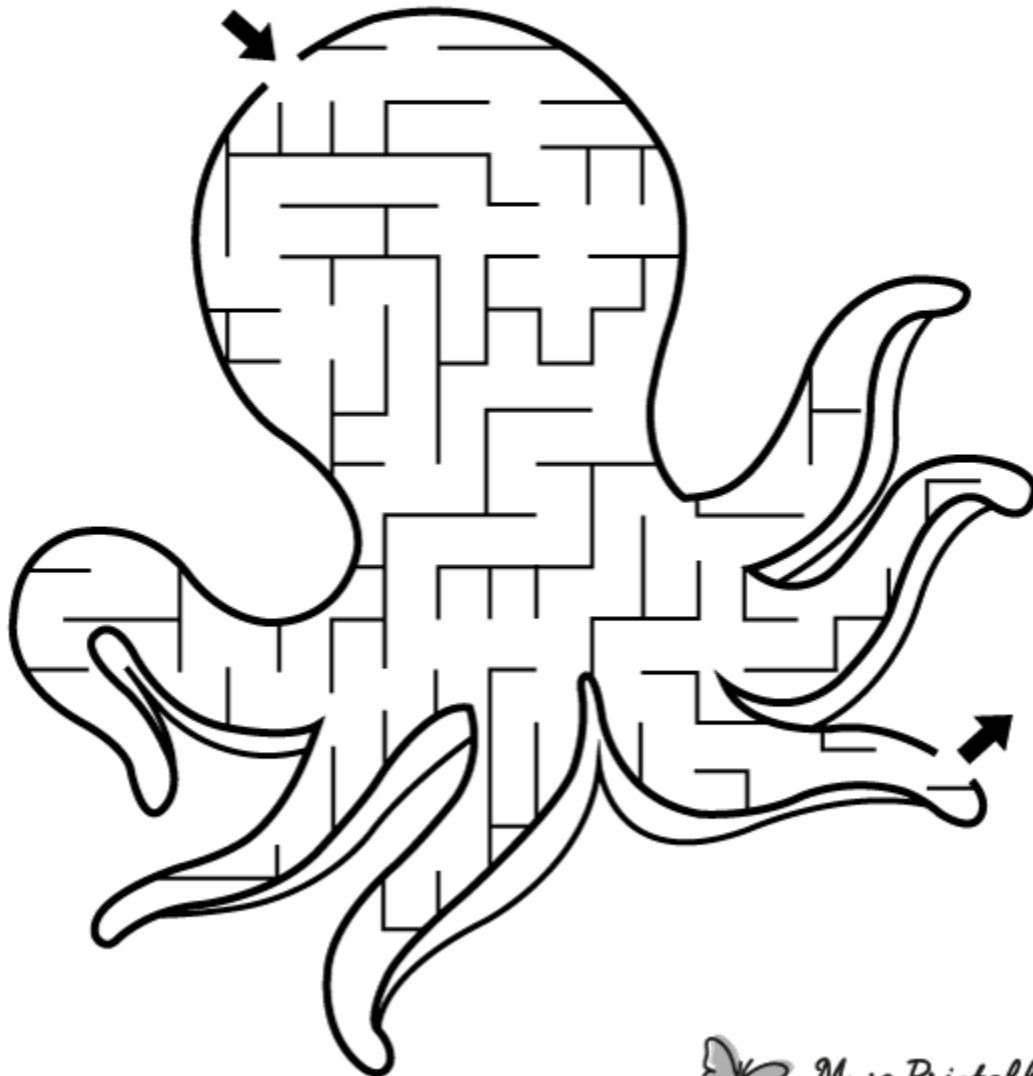

INSTRUCTIONS:

1. Mix 2 cups flour, 2 cups salt and 1 cup water in a bowl together until thoroughly combined. Knead dough for a few minutes until the dough is soft.
2. To create a starfish shape, start with a ball of dough. Gently pull out five “blobs” evenly spaced around the center to become the arms. You can always add more dough or take some off if your starfish arm is too big or small. You can also roll the dough out using a rolling pin and use a star shape cookie cutter.
3. Now comes the fun part! This is where you get to customize your starfish. You can use the tip of a pencil to make small holes in the top of your starfish, add small “blobs” of dough on top or paint your starfish any color you’d like. Add sparkles or sprinkles!
4. When your starfish are finished, you can let them dry for a few days or bake them at 325 degrees for about an hour or until your starfish is firm to the touch and baked thoroughly. If your starfish are big, bake longer.
