Flower Mother's Day Card

SUPPLIES:

- Construction paper in Yellow, Green and 2 other colors of your choice.
- Scissors
- Glue
- Marker or Pen

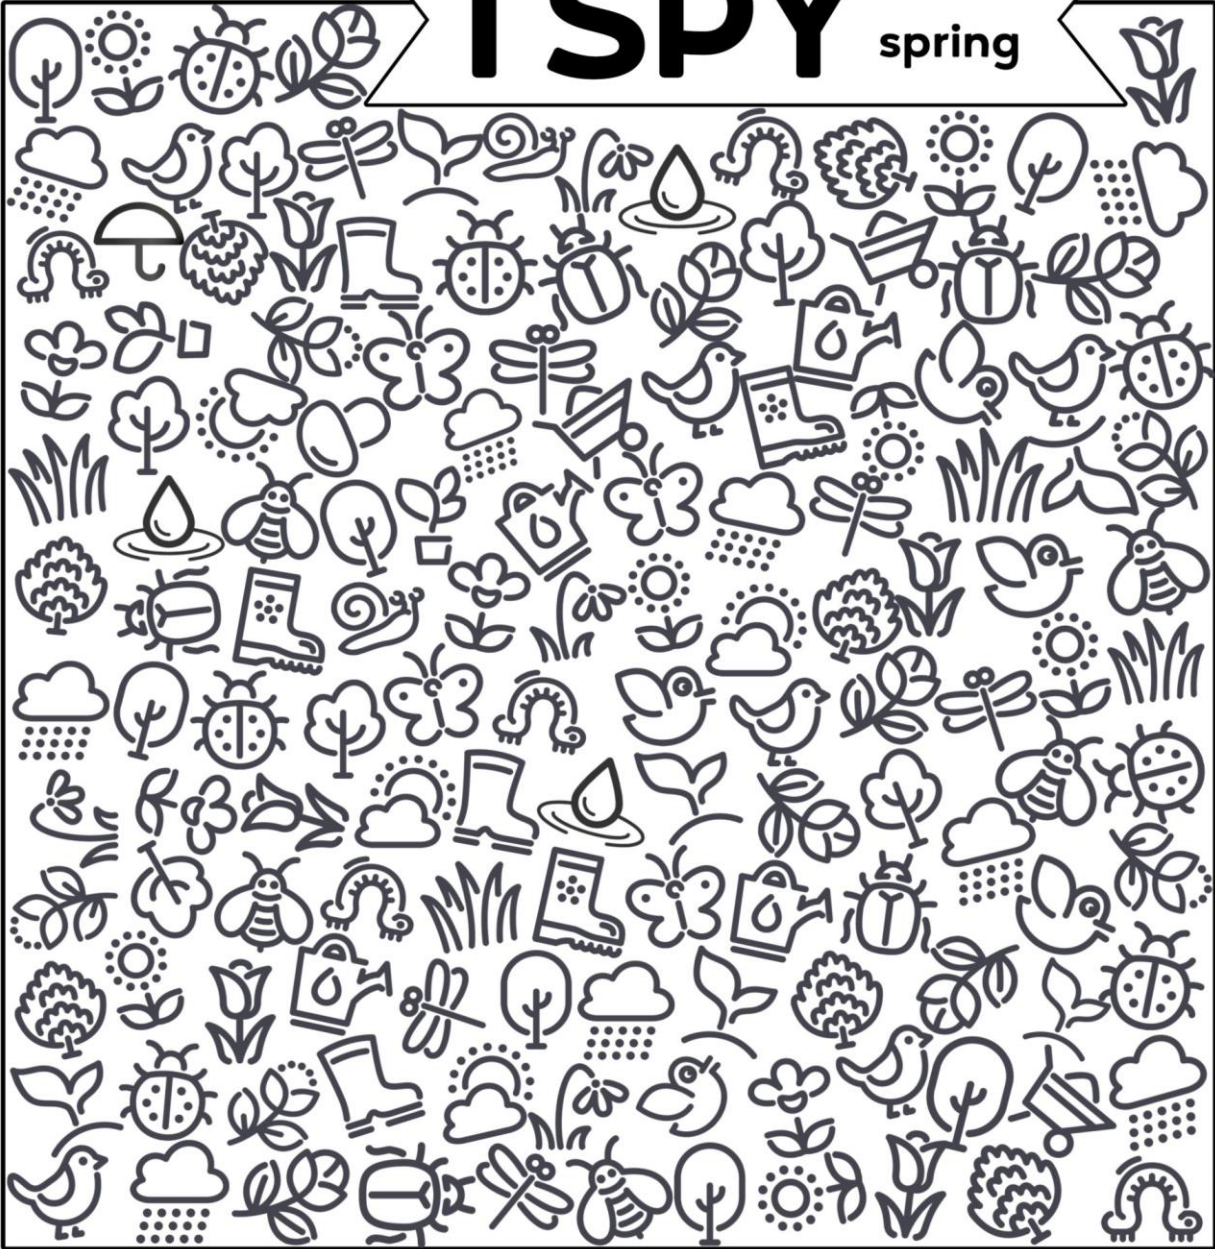

INSTRUCTIONS:

1. Cut $\frac{1}{2}$ inch thick strips of construction paper in any colour you choose. This will be the colour of your flower.
2. Make paper loops. Apply glue to the ends of the paper strip, loop and glue the ends together. Do not fold.
3. Cut a 3 inch circle out of the yellow sheet of construction paper. This will be the center of your flower.
4. Glue the folded paper loops to one side of the yellow circle. (Glue the ends you glued together, not the loop end)
5. Fold a full sheet of construction paper in half, use any colour you like. This will be the colour of the card.
6. Cut a thin strip of green paper and glue it to the front of your card. This will be the stem for your flower you've made.
7. Glue your paper flower at the top of the green stem.
8. Open the card and write a special note.
9. Optional:: Add a picture of you to the front of your card, if you can try to pose so it looks like you are holding the flower.
