CRAFT TIME:
Construction Paper
Jack-O-Lantern

Materials:

- Orange and Green Construction paper
- Markers or paint
- Scissors
- Ruler
- Pencil
- Tape or glue

Instructions:

1. Draw a jack-o-lantern face in the center of your orange construction paper. You can use markers, paint, colored pencils or crayons.
2. Fold the orange construction paper in half lengthwise.
3. With the pencil and ruler, draw a line lengthwise on the orange construction paper one inch from the top of the unfolded edge. This is your “do not cut line”.
4. Use the pencil and ruler to draw lines one inch apart from the folded edge to the “do not cut line”.
5. Cut the paper along the drawn lines. Make sure to stop at your “do not cut line”.
6. Unfold your cut paper and roll the paper into a cylinder shape. Tape or glue the narrow edges of paper together where they meet. The middle of the lantern will flare out at the creases.
7. Cut a one inch strip of green construction paper for your jack-o-lanterns handle. Use your glue or tape to affix the handle to the top of your lantern.
