

Canada's Biggest and Best Source for Woodworking Machinery

CabinetMaker HD
CNC Router

Production CNC Router with Unloading

Specifically designed to increase production rates the CabinetMaker HD has the quality, features, performance, and value to get the job done.

Basic HDX

THE BASIC "HDX" is the next level of performance in the Basic CNC series, offering a stronger frame, bigger gantry and more power.

Becker Vacuum
Pumps

CabinetMaker

11HP 4' X 8' CNC ROUTER

The ultimate production CNC for woodworkers and cabinet manufacturers looking to increase their production efficiencies and profit at the same time.

Monday to Friday 8:30 am
to 5:00 pm

Classic Industrial Machinery

Better Performance...Better Quality...Better Features

Stallion Sliding Panel Saws

Stallion Panel Saws...Built Heavier with More Features and Performance than any others in this class

All Stallion Panel Saws have Independent Scoring ¾ HP Motors and are Dado Capable. The 4', 5' and 8' machines are 4 HP Single Phase Power. The 10' machine is 7.5 HP Three Phase Power

Scorpion

Scorpion Jointers, Planers and Combination Machines Exclusively use Stinger Carbide Helical Cutterheads. Jointers from 6" to 20"...Planers from 13" to 52"

Stallion...The Best Built Bandsaws in the World...Sizes 14" to 24"

BULLETT MORTISERS in Horizontal or Vertical up to 1" Chisel Size

STALLION PNEUMATIC UNDERCUT SAWS in 18" to 36" Blade Size

STALLION RADIAL ARM SAWS in 16" and 12" Blade Size

BULLETT DRILL PRESSES Variable Speed or Multi Speed in 14" to 22" sizes

BULLETT LINE BORE MACHINES with 13 to 21 spindles

ShapeFX

SHAPEFX SHAPERS... Router Tables...Variable Speed Power Feeders

Variable Speed to 18,500 RPM

More Robust than any other Router Table

Up to 7 Wheels and Variable Speed

Manufactured in Europe – Performing in Canada

Roi

Roi EU Series Edgebanders

Roi EB300EU Series Compact Edgebanders can take up less than 8' of floor space

Roi EB500EU Series Edgebanders can machine up to 5mm solid wood edging

Roi EB1000EU Series Edgebanders deliver unmatched production and performance

All Roi EU Series Edgebander models have the following available features:

- Touch Screen Controls with Diagnostics
- Pre-Milling with Diamond Tooling
- Corner Rounding
- Quick Change Glue Pot
- Quick Drain PUR Adhesives
- Chain Drive Feed Systems
- Glue Scraping
- Radius Scraping
- Buffing Station
- 0.4mm to 3mm PVC Edge Tape
- Solid Wood Edging Up To 8mm (Varies by Model)

Buffing Station

Chain Drive Feed System

Dual Motor Diamond Pre-Milling Station

Roi

SandX

Industrial Sanding Equipment

KAY INDUSTRIES
PHASE
CONVERTERS

ROI 3MM GLUE
POT EDGBANDER
FOR CURVES AND
STRAIGHTS
(Single Phase Power)

ROI "HD" SERIES EDGBANDERS OFFER
PERFORMANCE AND VALUE (Single Phase
Electrics with 3mm and 5mm Capacity and
Pre-Milling Options)

M-PRESS HEATED MEMBRANE
AND THERMO-FOIL PRESSES

ROI "HAND HELD" HOT GLUE
3MM EDGBANDER KIT
(For on the Job Curves and
Straights and Larger Projects)

SANDX "E" SERIES WIDE BELT SANDERS
(Available in 25" and 37" Sizes in both Single
and Three Phase Power)

SANDX 20" DISC SANDER

SANDX 6" X 108" HEAVY
DUTY EDGE SANDER

SANDX "S" SERIES
HEAVY DUTY WIDE
BELT SANDERS
(Available in 29" to 52"
Sizes in Single or Multiple
Sanding Heads)

SANDX 37" HEAVY
DUTY DOUBLE DRUM
SANDER (Also in 17"
and 25" sizes)
