SLIM DUCT

Systems 09LUAS1D, 12LUAS1D, 18LUAS1D

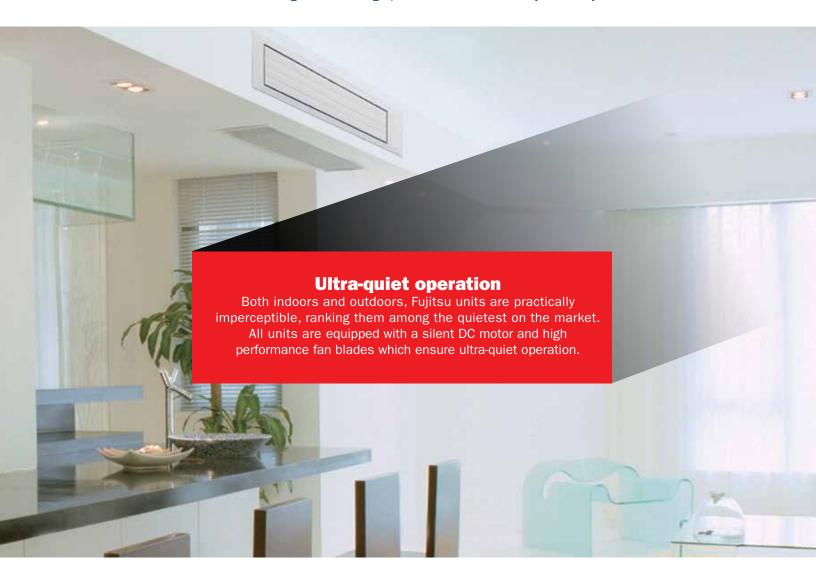

ADVANCED TECHNOLOGY DELIVERING CONSISTENT COMFORT EVERY SEASON OF THE YEAR

Slim duct units are concealed for discreet installation. They can be positioned either horizontally or vertically. Now with improved features!

Our goal: to make the world a more comfortable place

Not all heating systems are created equal. Only units with the right technology can offer you comfort and performance when you really need it. Fujitsu provides innovative comfort products featuring the latest innovations and technologies – ensuring optimal home comfort for your family and friends.

Reliability you can count on

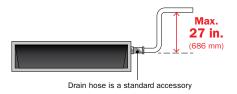

At Fujitsu, reliability means maintaining a consistent track record of product excellence. That's why 99.9% of Fujitsu customers have avoided replacing their system during its lifespan. Fujitsu's quality control standards are backed by four decades of HVAC experience and state-of-the-art testing technologies. This rigorous testing ensures that heating and cooling systems function as intended: with unrivalled efficiency and reliability. When it comes to staying comfortable in harsh conditions, trust Fujitsu to have your back.

Systems designed for every room

Very discreet, this ducted model is the option of choice for superior comfort and space saving for a more refined decor. The built-in drain pump allows for installation of the slim duct unit in a smaller space than traditional units.

Flexible installation

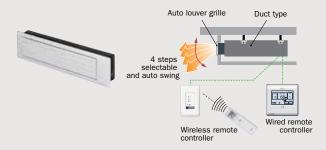

- Compact outdoor unit and extended line set lengths add flexibility and simplifies the installation process.
- Low profile indoor unit measures under 8 in. in height.
 Designed to be installed in tight spaces
 with a clearance as low as 10 in.

- Modular indoor unit design allows installation in either horizontal or vertical configuration.
- Field configurable for rear or bottom return. No need for additional accessories.
- · Washable filter factory provided with unit.
- High static pressure capability up to 0.36 inWC allows this unit to cover many ducted applications.

Auto Louver Grille Kit (option)

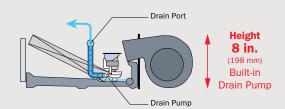

Optional auto louver grille provides optimum airflow and a clean look that blends with any interior.

Slim Design

The slim design allows installations where ceilings are narrow. Drain hose is a standard accessory.

Min. 10" for installation

Product features

- Manage your comfort anytime and from anywhere using FGLAir.*
- · Works with Amazon Alexa and Google Home.*
- · Compatible with 2-wire remote controllers.
- Revamped controls platform, featuring 2 communication ports, allows simultaneous connection of wired controller, Wi-Fi adapter, and 3rd party devices (such as field supplied auxiliary heater, humidifier, etc.).
- Service menu through UTY-RNRUZ5 simplifies system and sensor monitoring and troubleshooting.

Optional accessories

Wired Remote Controller UTYRNRUZ5	Simple Remote Controller UTYRSRY / UTYRHRY	Wireless LAN Adapter UTYTFSXZ2	IR Receiver Kit UTYLBTUM	External Input and Output PCB UTYXCSX + UTZGXEA	BACnet Adapter FJACBAC1L		
MODBUS Converter UTYVMSX	KNX Converter UTYVKSX	External Switch Controller UTYTERX	Remote Sensor Kit UTYXSZX	Auto Louver Grille Kit UTDGXTAW (09-12k) UTDGXTBW (18k)	External Connection Kit UTYXWZXZG		

^{*} Wi-Fi module required.

Performance & warranty

Fujitsu heat pumps are designed to last and deliver unmatched performance year after year. This is why Fujitsu equipment is backed by one of the best warranties in the industry. Not only that, your Fujitsu dealer is supported by The Master Group, the largest, independently owned HVAC-R distributor in Canada with a 70 year history of providing extensive inventory, exceptional customer service, and unmatched technical expertise.

Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR criteria. Ask your contractor for details or visit www.energystar.gov.

Authorized dealer

The best complete warranty variable on the market is offered on each residential Fujitsu system. To accept this offer, the qualifying product must be registered online via contractors.fujitsugeneral.com/registration/dsp.step_one.cfm within 60 days of the installation date. Otherwise, the manufacturer's standard 5-year parts and 7-year compressor warranty applies, no labor
