

**Nominator's Statement**

Similar to the consideration given by the Merritt jury to the categories for performance, design, and direction, TNS wants to be sure that technicians are given due consideration each year. As with the jury-evaluated award categories, this is an annual award and technicians are eligible annually for their work on current productions.

The Merritt jury is unable to evaluate the efforts of those whose work takes place offstage; however, such members of a production contribute equally to its success as those whose work is featured onstage. TNS therefore asks directors, producers, cast-members, and fellow crew members to put forth Technician nominations and ensure their colleagues are recognized. These written nominations are then reviewed by a panel to determine the annual recipient.

**Please ensure that your nomination details the contribution the Technician made to the success of a professional show produced in Nova Scotia between January 1-December 31.**

Please ensure the written nomination provides a fulsome explanation of the efforts put forth by the Technician (to a maximum of 500 words). Optional: support materials (biography, CV, letters of support, etc.)
